Green Campus Committee Meeting

November 3, 2009

We discussed the name of the Greenhouse and decided on the **Metro Greenery**.

The River Hike on October 22 was a success. They picked up two bags of trash. Alice took photos. The woman from the Teaneck Creek Conservancy suggested we combine walks with their foundation. The students really enjoyed it. They saw turtles, ducklings and wild strawberries. We talked about scheduling more walks for the spring. Gerardo will get some dates for more walks in the spring and coordinate with Jessica Harris.

In appreciation for the donated time in constructing the greenhouse, Rich made two plaques for the contractors and made a certificate for the man who built it. We are having a dinner at 6 pm November 10 in the Metro club. There’s room for 1 more student and 3-4 committee members. Jenna, Joan and Mary will also come.

The Greenhouse policy was discussed. A security camera will only be on the Metro part looking from the back to the front. There will be 6 swipe cards in the Provost’s office. People will need to sign out the card and return it that day. The Natural Science people will enter through the other side.

Craig edited the policy based on our discussion. A draft of that document is attached. If anyone has any more suggestions, please say so now as we will be formalizing the policy at or before the next meeting.

Next meeting is scheduled for Tuesday, December 1, 2009 at 11:30 am in the Joan Ludwiczac conference room.
