APPLICATION REQUIREMENTS

Read the Information and Application Instructions section on page 3 and submit the following:

2. Application Fee – A check or bank draft for U.S. $40, made payable to Fairleigh Dickinson University, should be included with your application.

3. Transcripts – For first-year bachelor's degree applicants, official transcripts must be sent directly from your secondary school (high school and/or post-secondary institutions) to Fairleigh Dickinson University’s Office of International Admissions. The transcript should include all courses in progress. First-year bachelor's degree applicants are required to submit transcripts from each secondary school attended.

Transfer and graduate applicants must submit transcripts from all post-secondary institutions attended. If you have completed fewer than 24 semester hours of university coursework at the time of application, you must submit an official transcript from your secondary school (high school).

For transcripts not in English, a notarized or certified English translation must accompany the original transcript. A transcript is official only when it is sent directly from an institution to Fairleigh Dickinson University’s Office of International Admissions, or when it is submitted with the application in a sealed envelope stamped by the institution.

Transfer applicants must submit course descriptions of all university coursework completed or currently in progress.

4. Recommendations – You should submit two letters of recommendation. For first-year bachelor's degree applicants, at least one must be written by a teacher or school counselor. For transfer and graduate applicants, at least one recommendation must be written by a university faculty member or academic adviser. If the applicant has been out of university for more than two years, they may request that the university faculty member write the recommendation.

All letters of recommendation should be written on letterhead stationery and submitted to the Office of International Admissions either directly from the recommender or in sealed envelopes accompanying the application.

5. Standardized Test Scores – First-year bachelor's degree applicants are encouraged to submit results from the Scholastic Assessment Test (SAT) or the American College Test (ACT) directly to the Office of International Admissions. While the tests are not required for international applicants, submission of test scores often increases the student's chance of admission and receiving a scholarship. SAT or ACT scores are required for Col. Fairleigh S. Dickinson Scholarship applicants. Transfer and graduate applicants with 24 or more semester hours are not required to submit an SAT or ACT score. Information concerning these examinations can be located at www.collegeboard.com or www.act.org.

   a) An affidavit of financial support (see page 17) from the person who will be funding your study; and

   b) A current official bank letter in your name or your sponsor’s name. The signature of the bank official must attest to the amount that is on deposit in U.S. dollars and is readily available.

   - or -

   c) A scholarship or government sponsorship award letter in your name. Enclose a signed letter or affidavit of support giving full details regarding the promise of support and state the specific amount of money in U.S. dollars.

FIRST-YEAR BACHELOR’S DEGREE STUDENTS

Applicants to Fairleigh Dickinson University are expected to have completed the secondary school curriculum that will best prepare them for their first year of study at the university level.

Applicants for fall semester admission which begins in late August must submit all application materials to the Office of International Admissions by July 1. However, applicants are encouraged to apply early during their final secondary school year so that student visa documents can be sent well in advance to assure appropriate consideration at a U.S. embassy or consulate and in order to locate lower airfares for your trip to the USA.

Applicants for spring semester admission which begins in late January must submit all application materials by December 1.

First-year bachelor’s degree students are admitted on a “rolling basis”. An admission decision is usually sent within three weeks after submission of a complete application.

IMPORTANT: All admitted students must return a matriculation form and a U.S. $200 tuition deposit by the date indicated on their letter of admission in order to reserve a space in the entering class.

ADVANCED STANDING

Entering first-year bachelor’s degree students can qualify for advanced standing for academic credit earned by the following methods:

• Through Advanced Placement (AP) examinations administered each May by the College Entrance Examination Board;
• Through the International Baccalaureate (I.B.) program; or
• By requesting transfer credit for advanced secondary school studies. For example, A-level results or the 13th year of education.

EDUCATIONAL REQUIREMENTS

An applicant must have graduated from an accredited or government recognized secondary school or have received his or her General Education Development (GED) certificate.

It is recommended (but not required) that an applicant complete the equivalent of 16 academic (university preparatory) units in secondary school with a distribution as follows:

- English: 4 units
- University preparatory mathematics: 3 units
- History: 2 units
- Laboratory Sciences: 2 units
- Foreign Language: 2 units
- Electives: 4 units

It is recommended that applicants to bachelor’s degree programs in engineering or science take university preparatory mathematics in algebra, geometry and trigonometry, a course in chemistry which includes a laboratory, and a course in physics which also includes a laboratory.

Applicants to a bachelor’s degree in health sciences program should take at least two units with a laboratory in biology and in chemistry.

TRANSFER STUDENTS

It is assumed that most transfer candidates have completed university coursework similar to the desired Fairleigh Dickinson curriculum.

Transfer credit may be awarded for courses at a university that is either regionally accredited in the United States or recognized by the foreign government where the university is located, if the study is substantially equivalent to courses offered in the desired Fairleigh Dickinson curriculum and if the study has been completed with the equivalent of a grade of “C” (2.0) or better on the American university grading system.

Applicants may apply for admission during their last semester at their former university; however, a final transcript must be received in the Office of International Admissions before a student enrolls at Fairleigh Dickinson.

If an admitted student submits all course descriptions of previous coursework or a transfer credit evaluation during the admissions process, he or she may request to know approximately how many transfer credits will be awarded.

Fairleigh Dickinson University offers rolling admissions for transfer students.

Transfer Application Deadlines

Fall Semester
• July 1 if transferring from a foreign university
• August 15 if transferring from an American university

Spring Semester
• December 1 if transferring from a foreign university
• January 15 if transferring from an American university

Summer Sessions (subject to course availability)
• May 1 if transferring from a foreign university
• May 15 if transferring from an American university

IMPORTANT: All admitted students must return a matriculation form and a U.S. $200 tuition deposit by the date indicated on their letter of admission in order to reserve a space in the entering class.

GRADUATE STUDENTS

Applicants to master’s degree programs must have completed the equivalent of a four-year U.S. bachelor’s degree.

Applicants may submit an application during their final year of bachelor’s degree study (after completing their mid-year examinations). If admitted, final year transcripts with proof of degree completion must be received in the Office of International Admissions before the student is permitted to enroll.

Students who have earned a three-year bachelor’s degree must complete an additional year of study before applying for admission. This may include the first year of a foreign master’s degree or a post graduate diploma (PGD) earned through resident instruction at an accredited or government recognized university.

Applicants who do not have a four-year bachelor’s degree and who are interested in the Fairleigh Dickinson’s master’s degree programs in Computer Science or Management Information Systems, or the Master’s in Business Administration (MBA) may apply for admission to a Bridge Program. Successful candidates are admitted and required to enroll in one year of bachelor’s degree course work before beginning the master’s degree courses.

For details about the Bridge Programs, contact the International Admissions Office or refer to the Graduate Studies Bulletin.

IMPORTANT: All admitted students must return a matriculation form and a U.S. $200 tuition deposit by the date indicated on their letter of admission in order to reserve a space in the entering class.
Whenever possible, applicants, interested students and their families are encouraged to schedule a half-day visit to Fairleigh Dickinson University to tour our campus and speak with an international admissions staff member.

Interviews and tours are available Monday through Friday from 9 a.m. to 4 p.m. and on Saturdays by appointment. To schedule your campus visit, contact the Office of International Admissions by telephone at 1-201-692-2205 or by e-mail at global@fdu.edu. In addition, international admissions staff members travel extensively overseas and will contact you via e-mail if visiting your city. Admission seminars and staff visits to schools and universities overseas are scheduled throughout the year. Admission inquiries and applicants will be notified of opportunities to meet individually or in a group with a staff member. You may write to global@fdu.edu to inquire if a staff visit is planned for your area. Our complete travel schedule is available at www.fdu.edu/visitsyou.

Finances

Fairleigh Dickinson University recognizes academic potential of qualified applicants through scholarship awards and other programs.

International Student Scholarship: All foreign citizens and Americans who reside outside the United States may apply for an International Student Scholarship. The scholarship is awarded to qualified full-time freshmen, transfer and graduate students and the amount of the scholarship is based on academic merit and demonstrated financial need. The scholarship may be renewed annually at the same level of funding contingent upon successful academic performance.

Scholarship amounts vary; however, full-tuition scholarships are extremely rare.

A complete International Scholarship Application (see page 15), with all questions answered, must be submitted along with the Application for Admission for International Students and Americans Abroad to the Office of International Admissions. Scholarships are awarded only to newly admitted students, and currently enrolled Fairleigh Dickinson students may not apply.

Colonel Fairleigh S. Dickinson Scholarship: All foreign citizens and Americans living abroad who apply as first-year bachelor’s degree students are automatically considered for the Colonel Fairleigh S. Dickinson Scholarship, created in honor of the University’s namesake. An official score on the Scholastic Assessment Test (SAT) or the American College Test (ACT) is required for consideration. The amount of the award can be significant if the applicant scores well on either of these examinations.

Alumni-Trustee-Faculty Endorsement Grant: A grant of U.S. $1,000 is awarded to enrolling students who have been recommended by an alumnus/a, faculty member or trustee of the University. Endorsements must be made in writing and submitted at the time of application. (See inside back cover for the referral form.) Grants are for the student’s first year only.

Children of Alumni Grant: An annual grant of U.S. $1,500 is awarded to sons and daughters of Fairleigh Dickinson alumni.

Family Grant: A grant of U.S. $1,500 is offered to each child of the same family enrolled full-time simultaneously.

Global Housing Grants (Metropolitan Campus only): First-time undergraduate students living in the residence halls at the Metropolitan Campus will be considered for an annual $3,000 Global Housing Grant. These grants, awarded on the basis of academic merit and financial need, are renewable for up to two years. To be considered for a Global Housing Grant, you must submit the International Scholarship Application as well as all required application documents. A limited number of these grants are available.

On-Campus Employment: There are on-campus jobs which become available to all students on a competitive basis. While jobs are not plentiful, international students may apply for them when they become available. International students are not guaranteed a job and should not include an on-campus job in their financial planning to cover the cost of attendance at the University. In addition, the number of research and teaching assistantships is very limited and highly competitive.

Payment Plan: Fairleigh Dickinson offers a payment plan to qualified students. Upon arrival at the University, you may visit the Enrollment Services Office to apply. If eligible, you may pay for your annual expenses in eight monthly installments as opposed to the usual two payments prior to each semester.

Fairleigh Dickinson University is committed to providing equal opportunity to all qualified persons and does not discriminate on the basis of race, religion, creed, national origin, sex, disability, age, sexual preference, sexual orientation, marital status, military status or veteran’s status with regard to recruitment, admission or matriculation.
To be considered for an International Student Scholarship, please complete this application and submit it with your application for admission. Scholarship notifications are mailed to applicants at the time of admission.

Fairleigh Dickinson University considers citizens of all nations for scholarship assistance based on academic merit and on demonstrated financial need. In a few cases, merit-only scholarships are awarded. Scholarships are awarded for up to four years for a bachelor’s degree, and for up to two years for a master’s degree, provided that the student meets the appropriate requirements and makes satisfactory academic progress. Annual increases to awards are not available.

International scholarships are the main source of University funding available to non-U.S. citizens. Additionally, students may apply for on-campus employment and may work up to 20 hours per week.

U.S. citizens and permanent residents who reside outside the U.S. are also eligible to apply for an international scholarship and also may be considered for state or federal financial assistance; students should submit the Free Application for Federal Student Aid (FAFSA), which is available upon request.

Deadline: International scholarship applications received prior to July 1 will receive priority consideration for the academic year beginning with the fall semester. Applications submitted after this date will still be considered; however scholarship winners may receive smaller awards than if they had applied earlier. Applications for the spring semester should be submitted by December 1.

All documents and forms should be sent to:
Office of International Admissions, Fairleigh Dickinson University, 1000 River Road, T-KB1-01, Teaneck, NJ 07666 U.S.A.
1. When should an application be submitted to the Office of International Admissions?

Applications are accepted up to one year prior to the intended entering semester. All applicants are encouraged to send applications and credentials as early as possible. Early applicants increase their chance of admission to competitive programs and can enhance the probability of locating a residence hall room.

2. May I apply for admission for any semester during the academic year?

While most new international students and Americans abroad begin their studies during the fall semester which begins with arrival during the last week of August, it is possible to apply for admission for the spring semester which begins in late January. International transfer and graduate students may also request admission for the summer session and may be admitted only if the appropriate courses are available. Otherwise their applications will be considered for the following fall semester.

3. What are the application deadlines?

First-time bachelor’s degree students, transfers from foreign universities and graduate students should send an application and supporting documents to the Office of International Admissions by the following dates:

<table>
<thead>

<th>Deadline</th>
</tr>
</thead>
<tbody>

</tbody>
</table>

4. When will I receive an admissions decision?

After the Application for International Admission is received and complete with all required credentials and documents, an admission decision is usually sent within three weeks or less.

5. How are international admission decisions made?

Admission decisions are based on an applicant’s academic credentials and proficiency in English. For an applicant who requires a student visa, the ability to finance his or her studies at Fairleigh Dickinson University is also considered.

If a student is academically admissible to a degree program, the admissions committee then determines how academically strong the student is compared to other applicants.

6. Must I take the Test of English as a Foreign Language (TOEFL)?

Applicants whose native language is not English are required to demonstrate proficiency in English. Citizens from the following countries are exempt: Australia, the Bahamas, Bermuda, Canada, Ireland, New Zealand and the United Kingdom.

The TOEFL is the most frequently submitted examination score that the University receives, however the admissions committee will use other measures upon the applicant’s request. IELTS and SAT examination scores may also be used.

The University requires that an applicant submit a TOEFL-I score of 79 or higher, a TOEFL-C score of 213 or higher or a TOEFL-W score of 550 or higher. The required IELTS score is 6.0.

7. Does the University offer conditional admission?

Academically qualified applicants who do not meet the English proficiency requirements may be conditionally admitted and may enroll in an intensive English program through the ELS Center located on the Metropolitan Campus in Teaneck. More information about the Center is available via www.els.edu. After successful completion of the program, the student may enroll at the University as a fully matriculated student.

8. I am currently finishing my final year of secondary school or university. Do I have to wait until I finish the year to apply to Fairleigh Dickinson?

No, the University would prefer that you apply during your final year by sending a transcript which includes your mid-year grades/marks of your final year. If you are admitted, your admission will be conditional until your final year grades/marks are received and reviewed by the Office of International Admissions. You will not be permitted to register for your first semester at Fairleigh Dickinson until your final transcript is received.

9. Is the Scholastic Assessment Test (SAT) or the American College Test (ACT) required for freshman admission?

No, it is not required for international students; however it is highly recommended that all freshmen applicants take the examination. High scores will enhance the student’s chance of admission. Also, an SAT or ACT score is required to be considered for a Colonel Fairleigh S. Dickinson Scholarship.
10. Is the GRE or GMAT required for graduate admission?

Most students applying to a master’s or doctoral degree program should submit a GRE or GMAT score. Test scores are not required for the Master of Administrative Science (MAS), Master of Public Administration (MPA), M.S. in Hospitality Management or M.A. in Multilingual Education.

The GMAT is required for all applicants to the MBA program, as well as for the MS programs in Taxation and Accounting.

11. Does the University require original documents?

All documents including transcripts, letters of recommendation, test scores and bank statements must be originals or notarized copies. In addition, notarized or attested English translations of foreign transcripts are required. Facsimiles (faxes), scanned documents or photocopies are not acceptable. Once submitted, all documents become the property of the University and cannot be returned.

12. I only have a three-year bachelor’s degree. Can I apply for admission to a master’s degree program?

A minimum of four years of undergraduate study, or the equivalent, is required for admission. However, students with less than four years who seek admission to the M.S. in Computer Science or Management Information Systems or MBA program may request admission to a Bridge Program. If admitted to a Bridge Program, one year of undergraduate course work must be taken as a Fairleigh Dickinson student to satisfy the four-year requirement.

Students applying to the Bridge Program must submit GMAT or GRE scores (as required by the program) for consideration.

13. How and when do I apply for a scholarship?

To apply for an international scholarship, first-time bachelor’s degree/transfer/graduate applicants should submit an International Scholarship Application at the same time as submitting an Application for International Admission. Scholarship and admission decisions are made at the same time, and notifications are sent together to the applicant. First-time bachelor’s degree applicants are automatically considered for the Colonel Fairleigh S. Dickinson Scholarship after submitting an admission application and SAT or ACT scores.

14. What happens once I am admitted?

You will need to complete and return a matriculation form and a U.S. $200 tuition deposit by the reply date specified in your letter of admission. If for some reason you are denied a student visa, your $200 will be refunded in full.

As soon as your tuition deposit is received, you will receive detailed information concerning your arrival, international student orientation program, residence halls and required medical forms by e-mail.

15. Can I receive academic credit for high scores on the AP exams, IB tests or GCE Advanced Level results?

After you have been admitted to the University, you may request an evaluation by the Office of International Admissions.

16. Is a residence hall room on campus guaranteed?

Rooms are assigned on a first-come, first-served basis. For this reason, it is important to apply for admission well in advance of your desired entering semester. You may not apply for a residence hall room until after you have been admitted.

17. What is the process for obtaining a student visa?

Once an international student has been admitted and provided documented proof of financial responsibility, the Office of International Admissions will issue an I-20 student visa form. You must then contact an American embassy or consulate and follow the procedure to apply for a student visa. The exact procedure can usually be found on the embassy or consulate web site.

18. I entered the United States on a tourist visa. Must I return home to apply for a student visa?

In most cases, a tourist visa cannot be changed to a student visa while you are in the United States.
