Corporate Partner Benefits:

The Institute for Sustainable Enterprise (ISE) provides a “one-stop shop” for accessing the resources you need to lead and manage sustainably. Become an ISE Corporate Partner and:

- Join a community of companies who are committed to greater sustainability (i.e., Social/Governance, Environmental, Financial)
- Learn from experts on how to manage sustainably
- Identify sustainable approaches to cost reduction
- Reduce your company’s risk profile
- Explore and discover opportunities for growth and innovation
- Access leading-edge support to break through complexity and address systemic and seemingly intractable trans-organizational problems
- Discover unforeseen linkages as you improve your triple bottom line: people, planet, profits
- Receive an immediate online platform for corporate sustainability-enhancing initiatives

Corporate Partnership Includes:

- A clearinghouse and think tank for leading and managing sustainably
- ISE’s commitment and support in improving all aspects of leading and managing sustainably
- Access to and support in using the Sustainability Knowledge Network (SKN) Portal. Enables key managers in your company to have knowledge base and collaborative online workspace
- Monthly breakfast presentations and seminars
- Opportunities for sharing best practices and recognition for your company’s work in leading and managing sustainably
- A highly committed network of people to help you create value for yourself and your company around sustainability issues
- Practical and relevant information from projects and research to help your company accelerate progress

2006 Corporate Partnership Overview
Additional Services for Corporate Partners Include:

- Innovest’s “Intangible Value Assessments” — widely used by investment analysts, for your company and industry sector
- “Managing Sustainably” Workshops available at and customized for your company:

**Managing Sustainably Workshop I**
- Develops corporate definition of sustainability and triple bottom line values
- Trains key managers on how to use SKN Portal and Innovest Reports
- Provides practical framework and tools to identify risks and opportunities for innovation and growth
- Lays foundation for action steps to follow

Follow-up **Managing Sustainably Workshop II** provides opportunity for help with action planning and implementation
