Follow these simple tips to help make NJ's roads safer for motorcyclists:

- **Respect Riders**
  Motorcyclists have the exact same rights and privileges as every other vehicle on the road.

- **Don't Drive Distracted**
  Text messages, phone calls, and Facebook are NOT worth someone's life. Focus on driving.

- **Don't Assume**
  Motorcyclists must react to road conditions that other motorists might not even notice. Give riders room to react.

- **Use Turn Signals**
  Signaling your intentions gives riders time to react and move to safety. Signal every turn and lane change.

- **Check Blind Spots**
  Motorcycles can be easy to miss. Checking your car's blind spots only takes a second and could save a life.

Pledge to share the road at www.njsmartdrivers.org and you could win up to $500 in gas cards!
