Introduction

We are pleased to provide you with this Summary Plan Description ( SPD). This SPD describes your Benefits, as well as your rights and responsibilities, under the Plan.

How to Use this Document
We encourage you to read your SPD and any attached Riders and/or Amendments carefully.

We especially encourage you to review the Benefit limitation of this SPD by reading (Section 1: What's Covered--Benefits) and (Section 2: What's Not Covered--Exclusions). You should also carefully read (Section 9: General Legal Provisions) to better understand how this SPD and your Benefits work. You should call the Claims Administrator if you have questions about the limits of the coverage available to you.

Many of the sections of the SPD are related to other sections of the document. You may not have all of the information you need by reading just one section. We also encourage you to keep your SPD and any attachments in a safe place for your future reference.

Please be aware that your Physician does not have a copy of your SPD and is not responsible for knowing or communicating your Benefits.

Information about Defined Terms
Because this SPD is a legal document, we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in (Section 10: Glossary of Defined Terms). You can refer to Section 10 as you read this document to have a clearer understanding of your SPD.

When we use the words "we," "us," and "our" in this document, we are referring to the Plan Sponsor. When we use the words "you" and "your" we are referring to people who are Covered Persons as the term is defined in (Section 10: Glossary of Defined Terms).

Your Contribution to the Benefit Costs
The Plan may require the Participant to contribute to the cost of coverage. Contact your benefits representative for information about any part of this cost you may be responsible for paying.

Customer Service and Claims Submittal
Please make note of the following information that contains Claims Administrator department names and telephone numbers.

Customer Service Representative (questions regarding Coverage or procedures): As shown on your ID card.

Prior Notification: As shown on your ID card.

Mental Health/Substance Use Disorder Services Designee: As shown on your ID card.

Section 1: What's Covered--Benefits

This section provides you with information about:
- Accessing Benefits.
- Copayments and Eligible Expenses.
- Covered Health Services. We pay Benefits for the Covered Health Services described in this section unless they are listed as not covered in (Section 2: What's Not Covered--Exclusions).
- Covered Health Services that require you or your provider to notify the Claims Administrator before you receive them. In general, Network providers are responsible for notifying the Claims Administrator before they provide certain health services to you. You are responsible for notifying the Claims Administrator before you receive certain health services from a non-Network provider.

Accessing Benefits
You can choose to receive either Network Benefits or Non-Network Benefits. In most cases, you must see a Network Physician to obtain Network Benefits.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under the Plan. As a result, they may bill you for the entire cost of the services you receive. For details about when Network Benefits apply, see (Section 3: Description of Network and Non-Network Benefits).

Benefits are available only if all of the following are true:
- Covered Health Services are received while the Plan is in effect.
- Covered Health Services are received prior to the date that any of the individual termination conditions listed in (Section 8: When Coverage Ends) occurs.
- The person who receives Covered Health Services is a Covered Person and meets all eligibility requirements specified in the Plan.

Copayment
Copayment is the amount you pay each time you receive certain Covered Health Services. For a complete definition of Copayment, see (Section 10: Glossary of Defined Terms). Copayment amounts are listed on the following pages next to the description for each Covered Health Service. Please note that when Copayments are calculated as a percentage (rather than as a set dollar amount) the percentage is based on Eligible Expenses.

Eligible Expenses
Eligible Expenses are the amount that we will pay for Benefits, as determined by us or by our designee. In almost all cases our designee is the Claims Administrator. For a complete definition of Eligible
Expenses that describes how payment is determined, see (Section 10: Glossary of Defined Terms).

We have delegated to the Claims Administrator the discretion and authority to initially determine on our behalf whether a treatment or supply is a Covered Health Service and how the Eligible Expense will be determined and otherwise covered under the Plan.

When you receive Covered Health Services from Network providers, you are not responsible for any difference between the Eligible Expenses and the amount the provider bills. When you receive Covered Health Services from non-Network providers, you are responsible for paying, directly to the non-Network provider, any difference between the amount the provider bills you and the amount we will pay for Eligible Expenses.

Notification Requirements
Prior notification is required before you receive certain Covered Health Services. In general, Network providers are responsible for notifying the Claims Administrator before they provide these services to you. There are some Network Benefits, however, for which you are responsible for notifying the Claims Administrator.

When you choose to receive certain Covered Health Services from non-Network providers, you are responsible for notifying us before you receive these Covered Health Services.

Services for which you must provide prior notification appear in this section under the Must You Notify the Claims Administrator? column in the table labeled Benefit Information.

To notify the Claims Administrator, call the telephone number on your ID card.

When you choose to receive services from non-Network providers, we urge you to confirm with us that the services you plan to receive are Covered Health Services, even if not indicated in the Must You Notify the Claims Administrator? column. That's because in some instances, certain procedures may not meet the definition of a Covered Health Service and therefore are excluded. In other instances, the same procedure may meet the definition of Covered Health Services. By calling before you receive treatment, you can check to see if the service is subject to limitations or exclusions such as:

- The Cosmetic Procedures exclusion. Examples of procedures that may or may not be considered Cosmetic include: breast reduction and reconstruction (except for after cancer surgery when it is always considered a Covered Health Service); vein stripping, ligation and sclerotherapy, and upper lid blepharoplasty.
- The Experimental, Investigational or Unproven Services exclusion.
- Any other limitation or exclusion of the Plan.

Special Note Regarding Medicare
If you are enrolled for Medicare on a primary basis (Medicare pays before we pay Benefits under the Plan), the notification requirements described in this SPD do not apply to you. Since Medicare is the primary payer, we will pay as secondary payer as described in (Section 7: Coordination of Benefits). You are not required to notify the Claims Administrator before receiving Covered Health Services.
You must provide pre-service notification as described below. When Benefits are provided for any of the services listed below, the following services require notification:

- **Mental Health Services** - inpatient services (including Partial Hospitalization/Day Treatment and services at a Residential Treatment Facility); intensive outpatient program treatment; outpatient electro-convulsive treatment; psychological testing; extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management; outpatient treatment provided in your home.

- **Neurobiological Disorders** - Mental Health Services for Autism Spectrum Disorders - inpatient services (including Partial Hospitalization/Day treatment and services at a Residential Treatment Facility); intensive outpatient program treatment; outpatient electro-convulsive treatment; psychological testing; extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management; outpatient treatment provided in your home. Pre-service notification is also required for Benefits provided for Applied Behavioral Analysis (ABA).

- **Substance Use Disorder Services** - inpatient services (including Partial Hospitalization/Day Treatment and services at a Residential Treatment Facility); intensive outpatient program treatment; outpatient electro-convulsive treatment; psychological testing; outpatient treatment of opioid dependence; extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management; outpatient treatment provided in your home.

For a scheduled admission, you must notify the Mental Health/Substance Use Disorder Administrator prior to the admission, or as soon as reasonably possible for non-scheduled admissions (including Emergency admissions). If you fail to notify the Mental Health/Substance Use Disorder Administrator as required, Benefits will be subject to a $350 reduction.

In addition, you must notify the Mental Health/Substance Use Disorder Administrator before the following services are received. If you fail to notify the Mental Health/Substance Use Disorder Administrator as required, Benefits will be subject to a $350 reduction. Services requiring prior notification are:

- Intensive outpatient program treatment.
- Outpatient electro-convulsive treatment.
- Psychological testing.
- Outpatient treatment of opioid dependence.
- Extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management.
- Outpatient treatment provided in your home.

**6. Eye Examinations**
Eye examinations received from a health care provider in the provider's office.

Covered Services are limited to one exam every 24 month period. Reimbursement of prescription lenses, frames and/or Contact lenses up to $100 each 24 month period. Orthoptic Training (Eye Muscle Exercise) as a covered expense is provided by a licensed optometrist or an orthoptic technician.

**7. Home Health Care**
Services received from a Home Health Agency that are both of the following:

- Ordered by a Physician.
- Provided by or supervised by a registered nurse in your home.

Benefits are available only when the Home Health Agency services are provided on a part-time, intermittent schedule and when skilled care is required.

Skilled care is skilled nursing, skilled teaching, and skilled rehabilitation services when all of the following are true:

- It must be delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified services.

We and the Claims Administrator will decide if skilled care is required by reviewing both the skilled nature of the service and the need for Physician-directed medical management. A service will not be determined to be "skilled" simply because there is not an available caregiver. Any combination of Network and Non-Network Benefits is limited to 100 visits per calendar year. One visit equals four hours of skilled care services.

**Notify the Claims Administrator**

Please remember that for Non-Network Benefits you must notify the Claims Administrator five business days before receiving services. If you don't notify the Claims Administrator, you will have to pay a penalty of $350.

**8. Hospice Care**

Hospice care that is recommended by a Physician. Hospice care is an integrated program that provides comfort and support services for the terminally ill. Hospice care includes physical, psychological, social and spiritual care for the terminally ill person, and short-term care.

**12. Maternity Services**

Benefits for Pregnancy will be paid at the same level as Benefits for any other condition, Sickness or Injury. This includes all maternity-related medical services for prenatal care, postnatal care, delivery, and any related complications.

There are special prenatal programs to help during Pregnancy. They are completely voluntary and there is no extra cost for participating in the programs. To sign up, you should notify the Claims Administrator during the first trimester, but no later than one month prior to the anticipated childbirth.

We will pay Benefits for an Inpatient Stay of at least:

- 48 hours for the mother and newborn child following a normal vaginal delivery.
- 96 hours for the mother and newborn child following a cesarean section delivery.

If the mother agrees, the attending provider may discharge the mother and/or the newborn child earlier than these minimum time frames.

Consequences or socially avoindant behavior as a result of an Injury, Sickness or Congenital Anomaly does not classify surgery or other procedures done to relieve such consequences or behavior as a reconstructive procedure.

Please note that Benefits for reconstructive procedures include breast reconstruction following a mastectomy related to breast cancer, and reconstruction of the non-affected breast to achieve symmetry. Other services required by the Women's Health and Cancer Rights Act of 1998, including breast prostheses and treatment of complications, are provided in the same manner and at the same level as those for any other Covered Health Service. You can contact the Claims Administrator at the telephone number on your ID card for more information about Benefits for mastectomy-related services.

**Notify the Claims Administrator**

Please remember that for Non-Network Benefits you must notify the Claims Administrator five business days before receiving services. When you provide notification, the Claims Administrator can verify that the service is a reconstructive procedure rather than a Cosmetic Procedure. Cosmetic Procedures are always excluded from coverage. If you don't notify the Claims Administrator, you will have to pay a penalty of $350.
### 21. Rehabilitation Services - Outpatient Therapy

Short-term outpatient rehabilitation services for:

- Physical therapy.
- Occupational therapy.
- Speech therapy.
- Pulmonary rehabilitation therapy.
- Cardiac rehabilitation therapy.

Rehabilitation services must be performed by a licensed therapy provider, under the direction of a Physician.

Benefits are available only for rehabilitation services that are expected to result in significant physical improvement in your condition within two months of the start of treatment.

Please note that we will pay Benefits for speech therapy only when the speech impediment or speech dysfunction results from Injury, stroke or a Congenital Anomaly.

Services of a licensed speech therapist for treatment given to a child whose speech is impaired due to one of the following conditions:

In the case of an organ or tissue transplant, donor charges are considered Covered Expenses ONLY if the recipient is a Covered Person under this plan. If the recipient is not a Covered Person, no benefits are payable for donor charges.

Under the Plan there are specific guidelines regarding Benefits for transplant services. Contact the Claims Administrator at the telephone number on your ID card for information about these guidelines.

**Transportation and Lodging**

The Claims Administrator will assist the patient and family with travel and lodging arrangements only when services are received from a Designated Facility. Expenses for travel, lodging and meals for the transplant recipient and a companion are available under this Plan as follows:

- Transportation of the patient and one companion who is traveling on the same day(s) to and/or from the site of the transplant for the purposes of an evaluation, the transplant procedure or necessary post-discharge follow-up.
- Eligible Expenses for lodging and meals for the patient (while not confined) and one companion. Benefits are paid at a per diem rate of up to $50 for one person or up to $100 for two people.

- Travel and lodging expenses are only available if the transplant recipient resides more than 50 miles from the Designated Facility.

- If the patient is an Enrolled Dependent minor child, the transportation expenses of two companions will be covered and lodging and meal expenses will be reimbursed up to the $100 per diem rate.

There is a combined overall lifetime maximum Benefit of $10,000 per Covered Person for all transportation, lodging and meal expenses incurred by the transplant recipient and companion(s) and reimbursed under this Plan in connection with all transplant procedures.

**Notify the Claims Administrator**

For Network Benefits you or your Physician must notify the Claims Administrator as soon as the possibility of a transplant arises (and before the time a pre-transplantation evaluation is performed at a transplant center). If you do not notify the Claims Administrator, and if the transplantation services are not performed at a Designated Facility, you will be responsible for paying all charges and Network Benefits will not be paid. Non-Network Benefits may be available.

Please remember that for Non-Network Benefits you must notify the Claims Administrator as soon as the possibility of a transplant arises (and before the time a pre-transplantation evaluation is performed at a transplant center). If you don't notify the Claims Administrator, you will have to pay a penalty of $350.
### 26. Urgent Care Center Services

Covered Health Services received at an Urgent Care Center. When services to treat urgent health care needs are provided in a Physician's office, Benefits are available as described under *Physician's Office Services* earlier in this section.

Section 2: What's Not Covered--Exclusions

This section contains information about:
- How headings are used in this section.
- Medical services that are not covered. We call these Exclusions. It's important for you to know what services and supplies are not covered under the Plan.

How We Use Headings in this Section
To help you find specific exclusions more easily, we use headings. The headings group services, treatments, items, or supplies that fall into a similar category. Actual exclusions appear underneath headings. A heading does not create, define, modify, limit or expand an exclusion. All exclusions in this section apply to you.

We Do not Pay Benefits for Exclusions
We will not pay Benefits for any of the services, treatments, items or supplies described in this section, even if either of the following are true:

- It is recommended or prescribed by a Physician.
- It is the only available treatment for your condition.

The services, treatments, items or supplies listed in this section are not Covered Health Services, except as may be specifically provided for in (Section 1: What's Covered--Benefits) or through a Rider to the SPD.

A. Alternative Treatments
1. Acupressure and acupuncture.
2. Aroma therapy.
3. Hypnotism.
4. Massage Therapy.
5. Rolfing.
6. Other forms of alternative treatment as defined by the Office of Alternative Medicine of the National Institutes of Health.

B. Comfort or Convenience
1. Television.
2. Telephone.
4. Guest service.
5. Supplies, equipment and similar incidental services and supplies for personal comfort. Examples include:
   — Air conditioners.
   — Air purifiers and filters.
   — Batteries and battery chargers.
   — Dehumidifiers.
   — Humidifiers.
6. Devices and computers to assist in communication and speech.
C. Dental

1. Dental care except as described in (Section 1: What's Covered--Benefits) under the heading Dental Services See Medical Benefits for limited coverage of oral surgery and dental services.
2. Preventive care, diagnosis, treatment of or related to the teeth, jawbones or gums. Examples include all of the following:
   — Extraction, restoration and replacement of teeth.
   — Medical or surgical treatments of dental conditions.
   — Services to improve dental clinical outcomes.
3. Dental implants.
4. Dental braces.
5. Dental X-rays, supplies and appliances and all associated expenses, including hospitalizations and anesthesia. The only exceptions to this are for any of the following:

2. Self-injectable medications.
3. Non-injectable medications given in a Physician's office except as required in an Emergency.
4. Over the counter drugs and treatments.

E. Experimental, Investigational or Unproven Services

Experimental, Investigational and Unproven Services are excluded. The fact that an Experimental, Investigational or Unproven Service, treatment, device or pharmacological regimen is the only available treatment for a particular condition will not result in Benefits if the procedure is considered to be Experimental, Investigational or Unproven in the treatment of that particular condition.

F. Foot Care

1. Routine foot care (including the cutting or removal of corns and calluses).
2. Nail trimming, cutting, or debriding.
3. Hygienic and preventive maintenance foot care. Examples include the following:

(Section 2: What's Not Covered -- Exclusions)

11. Intensive behavioral therapies such as applied behavioral analysis for Autism Spectrum Disorders.

12. Any treatments or other specialized services designed for Autism Spectrum Disorder that are not backed by credible research demonstrating that the services or supplies have a measurable and beneficial health outcome and therefore considered Experimental or Investigational or Unproven Services.

I. Nutrition

1. Megavitamin and nutrition based therapy.

2. Nutritional counseling for either individuals or groups.

3. Enteral feedings and other nutritional and electrolyte supplements, including infant formula and donor breast milk.

J. Physical Appearance

1. Cosmetic Procedures. See the definition in (Section 10: Glossary of Defined Terms.) Examples include:
   — Pharmacological regimens, nutritional procedures or treatments.
   — Scar or tattoo removal or revision procedures (such as salabrasion, chemosurgery and other such skin abrasion procedures).
   — Skin abrasion procedures performed as a treatment for acne.

2. Replacement of an existing breast implant if the earlier breast implant was performed as a Cosmetic Procedure.

   Note: Replacement of an existing breast implant is considered reconstructive if the initial breast implant followed mastectomy.

3. Physical conditioning programs such as athletic training, body-building, exercise, fitness, flexibility, and diversion or general motivation.

4. Weight loss programs whether or not they are under medical supervision. Weight loss programs for medical reasons are also excluded.

K. Providers

1. Services performed by a provider who is a family member by birth or marriage, including spouse, brother, sister, parent or child. This includes any service the provider may perform on himself or herself.

2. Services performed by a provider with your same legal residence.

3. Services provided at a free-standing or Hospital-based diagnostic facility without an order written by a Physician or other provider. Services that are self-directed to a free-standing or Hospital-based diagnostic facility. Services ordered by a Physician or other provider who is an employee or representative of a free-standing or Hospital-based diagnostic facility, when that Physician or other provider:
   — Has not been actively involved in your medical care prior to ordering the service, or
   — Is not actively involved in your medical care after the service is received.
### L. Reproduction
1. Surrogate parenting.
2. The reversal of voluntary sterilization.
3. Contraceptive supplies and services.
4. Charges for procedures, which facilitate a pregnancy but do not treat the cause of infertility, such as in vitro fertilization, artificial insemination, embryo transplant, gamete intrafallopian transfer, zygote intrafallopian transfer and tubal ovum transfer.

### M. Services Provided under Another Plan
1. Health services for which other coverage is required by federal, state or local law to be purchased or provided through other arrangements. This includes, but is not limited to, coverage required by workers' compensation, no-fault auto insurance, or similar legislation.
   If coverage under workers' compensation or similar legislation is optional for you because you could elect it, or could have it elected for you, Benefits will not be paid for any Injury, Sickness or Mental Illness that would have been covered under workers' compensation or similar legislation had that coverage been elected.
2. Health services for treatment of military service-related disabilities, when you are legally entitled to other coverage and facilities are reasonably available to you.
3. Health services while on active military duty.

### N. Transplants
1. Health services for organ and tissue transplants, except those described in (Section 1: What's Covered--Benefits).

To continue reading, go to right column on this page.

2. Health services connected with the removal of an organ or tissue from you for purposes of a transplant to another person. (Donor costs for removal are payable for a transplant through the organ recipient's Benefits under the Plan.)
3. Health services for transplants involving mechanical or animal organs.
4. Any solid organ transplant that is performed as a treatment for cancer.
5. Any multiple organ transplant not listed as a Covered Health Service under the heading Transplantation Health Services in (Section 1: What's Covered--Benefits).

### O. Travel
1. Travel or transportation expenses, even though prescribed by a Physician. Some travel expenses related to covered transplantation services may be reimbursed at our discretion.

### P. Vision and Hearing
1. Purchase cost of hearing aids.
2. Fitting charge for hearing.
3. Surgery that is intended to allow you to see better without glasses or other vision correction including radial keratotomy, laser, and other refractive eye surgery.

### Q. All Other Exclusions
1. Health services and supplies that do not meet the definition of a Covered Health Service - see the definition in (Section 10: Glossary of Defined Terms).
2. Physical, psychiatric or psychological exams, testing, vaccinations, immunizations or treatments that are otherwise covered under the Plan when:

To continue reading, go to left column on next page.
— Required solely for purposes of career, education, sports or camp, travel, employment, insurance, marriage or adoption.
— Related to judicial or administrative proceedings or orders.
— Conducted for purposes of medical research.
— Required to obtain or maintain a license of any type.
3. Health services received as a result of war or any act of war, whether declared or undeclared or caused during service in the armed forces of any country.
4. Health services received after the date your coverage under the Plan ends, including health services for medical conditions arising before the date your coverage under the Plan ends.
5. Health services for which you have no legal responsibility to pay, or for which a charge would not ordinarily be made in the absence of coverage under the Plan.
6. In the event that a non-Network provider waives Copayments and/or the Annual Deductible for a particular health service, no Benefits are provided for the health service for which the Copayments and/or Annual Deductible are waived.
7. Charges in excess of Eligible Expenses or in excess of any specified limitation.
9. Growth hormone therapy.
10. Sex transformation operations.
11. Custodial Care.
12. Domiciliary care.
13. Private duty nursing.
15. Rest cures.
17. Treatment of benign gynecomastia (abnormal breast enlargement in males).
18. Medical and surgical treatment of excessive sweating (hyperhidrosis).
19. Medical and surgical treatment for snoring, except when provided as a part of treatment for documented obstructive sleep apnea.
21. Any charges for missed appointments, room or facility reservations, completion of claim forms or record processing.
22. Any charges higher than the actual charge. The actual charge is defined as the provider's lowest routine charge for the service, supply or equipment.
23. Any charge for services, supplies or equipment advertised by the provider as free.
24. Any charges by a provider sanctioned under a federal program for reason of fraud, abuse or medical competency.
25. Any charges prohibited by federal anti-kickback or self-referral statutes.
26. Any additional charges submitted after payment has been made and your account balance is zero.
27. Any outpatient facility charge in excess of payable amounts under Medicare.
28. Any charges by a resident in a teaching hospital where a faculty Physician did not supervise services.
Section 3: Description of Network and Non-Network Benefits

This section includes information about:
- Network Benefits.
- Non-Network Benefits.
- Emergency Health Services.

Network Benefits
Network Benefits are generally paid at a higher level than Non-Network Benefits. Network Benefits are payable for Covered Health Services which are either of the following:

- Provided by or under the direction of a Network Physician or other Network provider in the Physician's office or at a Network or non-Network facility.
- Emergency Health Services.

Outpatient Emergency Health Services are always paid as a Network Benefit (paid the same whether you are in or out of the Network). That means that if you seek Emergency care at a non-Network facility, you are not required to meet the Annual Deductible or to pay any difference between Eligible Expenses and the amount the provider bills.

**Provider Network**

The Claims Administrator arranges for health care providers to participate in a Network. Network providers are independent practitioners. They are not our employees or employees of the Claims Administrator. It is your responsibility to select your provider.

The credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

You will be given a directory of Network providers. However, before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling the Claims Administrator.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits.

Do not assume that a Network provider's agreement includes all Covered Health Services. Some Network providers contract to provide only certain Covered Health Services, but not all Covered Health Services. Some Network providers choose to be a Network provider for only some products. Refer to your provider directory or contact the Claims Administrator for assistance.

**Care Coordination**

Your Network Physician is required to notify the Claims Administrator regarding certain proposed or scheduled health services. When your Network Physician notifies the Claims Administrator, they will work together to implement the Care Coordination process and to provide you with information about additional services that are available to you, such as disease management programs, health education, pre-admission counseling and patient advocacy.

If you receive certain Covered Health Services from a Network provider, you must notify the Claims Administrator. The Covered Health Services for which notification is required is shown in (Section 1: What's Covered—Benefits). When you notify the Claims Administrator, you will receive the Care Coordination services described above.

**Designated Facilities and Other Providers**

If you have a medical condition that the Claims Administrator believes needs special services, they may direct you to a Designated Facility or other provider chosen by them. If you require certain complex Covered Health Services for which expertise is limited, the Claims Administrator may direct you to a non-Network facility or provider.

In both cases, Network Benefits will only be paid if your Covered Health Services for that condition are provided by or arranged by the Designated Facility or other provider chosen by the Claims Administrator.
Health Services from Non-Network Providers Paid as Network Benefits

If specific Covered Health Services are not available from a Network provider, you may be eligible for Network Benefits when Covered Health Services are received from non-Network providers. In this situation, your Network Physician will notify the Claims Administrator, and they will work with you and your Network Physician to coordinate care through a non-Network provider.

When you receive Covered Health Services through a Network Physician, we will pay Network Benefits for those Covered Health Services, even if one or more of those Covered Health Services is received from a non-Network provider.

Limitations on Selection of Providers

If the Claims Administrator determines that you are using health care services in a harmful or abusive manner, or with harmful frequency, your selection of Network providers may be limited. If this happens, you may be required to select a single Network Physician to provide and coordinate all future Covered Health Services.

If you don't make a selection within 31 days of the date we notify you, the Claims Administrator will select a single Network Physician for you.

If you fail to use the selected Network Physician, Covered Health Services will be paid as Non-Network Benefits.

Non-Network Benefits

Non-Network Benefits are generally paid at a lower level than Network Benefits. Non-Network Benefits are payable for Covered Health Services which are either of the following:

- Provided by non-Network providers.
- Provided under the direction of a Non-Network Physician, at a Network or non-Network facility or program. Covered Health Services provided by any of the listed Network facilities or programs (Hospital, Alternate Facility, Home Health Agency, Skilled Nursing Facility, Inpatient Rehabilitation Facility, or Hospice program) are payable as Non-Network Benefits if the services are provided through a Non-Network Physician.

Notification Requirement

You must notify the Claims Administrator before getting certain Covered Health Services from non-Network providers. The details are shown in the Must You Notify the Claims Administrator? column in (Section 1: What's Covered--Benefits). If you fail to notify the Claims Administrator, Benefits are reduced or denied.

Prior notification does not mean Benefits are payable in all cases. Coverage depends on the Covered Health Services that are actually given, your eligibility status, and any benefit limitations.

Care Coordination

When you notify the Claims Administrator as described above, they will work to implement the Care Coordination process and to provide you with information about additional services that are available to you, such as disease management programs, health education, pre-admission counseling and patient advocacy.

Emergency Health Services

We provide Benefits for Emergency Health Services when required for stabilization and initiation of treatment as provided by or under the direction of a Physician.
Network Benefits are paid for Emergency Health Services, even if the services are provided by a non-Network provider.

- If you are confined in a non-Network Hospital after you receive Emergency Health Services, the Claims Administrator must be notified within one business day or on the same day of admission if reasonably possible. The Claims Administrator may elect to transfer you to a Network Hospital as soon as it is medically appropriate to do so. If you choose to stay in the non-Network Hospital after the date the Claims Administrator decides a transfer is medically appropriate, Non-Network Benefits may be available if the continued stay is determined to be a Covered Health Service.

- If you are admitted as an inpatient to a Network Hospital within 24 hours of receiving treatment for the same condition as an Emergency Health Service, you will not have to pay the Copayment for Emergency Health Services. The Copayment for an Inpatient Stay in a Network Hospital will apply instead.

Note: Please note that the Copayment for Emergency Health Services will not be waived if you have been placed in an observation bed for the purpose of monitoring your condition, rather than being admitted as an inpatient in the Hospital. In this case, the Emergency Copayment will apply instead of the Copayment for an Inpatient Stay.

**Special Mental Health Programs and Services**
Special programs and services that are contracted under the Mental Health/Substance Use Disorder Administrator may become available to you as part of your Mental Health Services benefit. The Mental Health Services Benefits and financial requirements assigned to these programs or services are based on the designation of the program or service to inpatient, Partial Hospitalization/Day Treatment, Intensive Outpatient Treatment, outpatient or a Transitional Care category of benefit use. Special programs or services provide access to services that are beneficial for the treatment of your Mental Illness which may not otherwise be covered under this Plan. You must be referred to such programs through the Mental Health/Substance Use Disorder Administrator, who is responsible for coordinating your care or through other pathways as described in the program introductions. Any decision to participate in such program or service is at the discretion of the Covered Person and is not mandatory.

**Foreign Claims**
Foreign Claims are covered at the network level for emergency services. Non-emergency services outside of the United States are excluded from coverage.
Section 4: When Coverage Begins

This section includes information about:
- How to enroll.
- If you are hospitalized when this coverage begins.
- Who is eligible for coverage.
- When to enroll.
- When coverage begins.

How to Enroll
To enroll, the Eligible Person must complete an enrollment form. The Plan Administrator or its designee will give the necessary forms to you, along with instructions about submitting your enrollment form and any required contribution for coverage. We will not provide Benefits for health services that you receive before your effective date of coverage.

If You Are Hospitalized When Your Coverage Begins
If you are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins, we will pay Benefits for Covered Health Services related to that Inpatient Stay as long as you receive Covered Health Services in accordance with the terms of the Plan.

You should notify the Claims Administrator within 48 hours of the day your coverage begins, or as soon as is reasonably possible. Network Benefits are available only if you receive Covered Health Services from Network Providers.

If You Are Eligible for Medicare
Your Benefits under the Plan may be reduced if you are eligible for Medicare but do not enroll in and maintain coverage under both Medicare Part A and Part B.

Your Benefits under the Plan may also be reduced if you are enrolled in a Medicare+Choice (Medicare Part C) plan but fail to follow the rules of that plan. Please see Medicare Eligibility in (Section 9: General Legal Provisions) for more information about how Medicare may affect your Benefits.

Section 5: How to File a Claim

This section provides you with information about:
• How and when to file a claim.
• If you receive Covered Health Services from a Network provider, you do not have to file a claim. We pay these providers directly.
• If you receive Covered Health Services from a non-Network provider, you are responsible for filing a claim.

If You Receive Covered Health Services from a Network Provider
We pay Network providers directly for your Covered Health Services. If a Network provider bills you for any Covered Health Service, contact the Claims Administrator. However, you are responsible for Copayments to a Network provider at the time of service, or when you receive a bill from the provider.

Filing a Claim for Benefits
When you receive Covered Health Services from a non-Network provider, you are responsible for requesting payment from us through the Claims Administrator. You must file the claim in a format that contains all of the information required, as described below.

You must submit a request for payment of Benefits within one year after the date of service. If a non-Network provider submits a claim on your behalf, you will be responsible for the timeliness of the submission. If you don't provide this information to us within one year of the date of service, Benefits for that health service will be denied or reduced, in the Claims Administrator's discretion. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

If a Participant provides written authorization to allow direct payment to a provider, all or a portion of any Eligible Expenses due to a provider may be paid directly to the provider instead of being paid to the Participant. We will not reimburse third parties who have purchased or been assigned benefits by Physicians or other providers.

Pharmacy Benefit Claims
If you are asked to pay the full cost of a prescription when you fill it at a retail or mail-order pharmacy and you believe that the Plan should have paid for it, you may submit a claim for reimbursement as set forth in the procedures for filing a post-service group health plan claim (described in this section). If you pay a copayment and you believe that the amount of the copayment was incorrect, you also may submit a claim for reimbursement as set forth in the procedures for filing a post-service group health plan claim.

If a retail or mail order pharmacy fails to fill a prescription that you have presented, you may contact us by submitting a claim for coverage as set forth in the procedures for filing a pre-service health plan claim (described in this section).
Required Information
When you request payment of Benefits from us, you must provide us with all of the following information:

A. A Participant's name and address.
B. The patient's name, age and relationship to the Participant.
C. The member number stated on your ID card.
D. An itemized bill from your provider that includes the following:
   • Patient Diagnosis
   • Date(s) of service
   • Procedure Code(s) and descriptions of service(s) rendered
   • Charge for each service rendered
   • Provider of service Name, Address and Tax Identification Number
E. The date the Injury or Sickness began.
F. A statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

Payment of Benefits
Through the Claims Administrator, we will make a benefit determination as set forth below. Benefits will be paid to you unless either of the following is true:

A. The provider notifies the Claims Administrator that your signature is on file, assigning benefits directly to that provider.
B. You make a written request for the non-Network provider to be paid directly at the time you submit your claim.

Benefit Determinations
Post-Service Claims
Post-Service Claims are those claims that are filed for payment of benefits after medical care has been received. If your post-service claim is denied, you will receive a written notice from the Claims Administrator within 30 days of receipt of the claim, as long as all needed information was provided with the claim. The Claims Administrator will notify you within this 30 day period if additional information is needed to process the claim, and may request a one time extension not longer than 15 days and pend your claim until all information is received.

Once notified of the extension you then have 45 days to provide this information. If all of the needed information is received within the 45 day time frame and the claim is denied, the Claims Administrator will notify you of the denial within 15 days after the information is received. If you don’t provide the needed information within the 45 day period, your claim will be denied.

A denial notice will explain the reason for denial, refer to the part of the Plan on which the denial is based, and provide the claim appeal procedures.

Pre-Service Claims
Pre-service claims are those claims that require notification or approval prior to receiving medical care. If your claim was a pre-service claim, and was submitted properly with all needed information, you will receive written notice of the claim decision from the Claims Administrator within 15 days of receipt of the claim. If you filed a pre-service claim improperly, the Claims Administrator will notify you of the improper filing and how to correct it within 5 days after the pre-service claim was received. If additional information is needed to process the pre-service claim, the

Claims Administrator will notify you of the information needed within 15 days after the claim was received, and may request a one time extension not longer than 15 days and pend your claim until all information is received. Once notified of the extension you then have 45 days to provide this information. If all of the needed information is received within the 45 day time frame, the Claims Administrator will notify you of the determination within 15 days after the information is received. If you don't provide the needed information within the 45 days period, your claim will be denied. A denial notice will explain the reason for denial, refer to the part of the Plan on which the denial is based, and provide the claim appeal procedures.

**Urgent Claims that Require Immediate Action**

Urgent care claims are those claims that require notification or approval prior to receiving medical care, where a delay in treatment could seriously jeopardize your life or health or the ability to regain maximum function or, in the opinion of a physician with knowledge of your medical condition could cause severe pain. In these situations:

- You will receive notice of the benefit determination in writing or electronically within 72-hours after the Claims Administrator receives all necessary information, taking into account the seriousness of your condition.
- Notice of denial may be oral with a written or electronic confirmation to follow within 3 days.

If you filed an urgent claim improperly, the Claims Administrator will notify you of the improper filing and how to correct it within 24 hours after the urgent claim was received. If additional information is needed to process the claim, the Claims Administrator will notify you of the information needed within 24 hours after the claim was received. You then have 48 hours to provide the requested information.

You will be notified of a determination no later than 48 hours after:

- The Claims Administrator's receipt of the requested information; or
- The end of the 48 hour period within which you were to provide the additional information, if the information is not received within that time.

A denial notice will explain the reason for denial, refer to the part of the Plan on which the denial is based, and provide the claim appeal procedures.

**Concurrent Care Claims**

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent care claim as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. The Claims Administrator will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent care claim and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new claim and decided according to post-service or pre-service timeframes, whichever applies.
Section 6: Questions and Appeals

This section provides you with information to help you with the following:
- You have a question or concern about Covered Health Services or your Benefits.
- You are notified that a claim has been denied because it has been determined that a service or supply is excluded under the Plan and you wish to appeal such determination.

To resolve a question or appeal, just follow these steps:

What to Do First
If your question or concern is about a benefit determination, you may informally contact Customer Service before requesting a formal appeal. If the Customer Service representative cannot resolve the issue to your satisfaction over the phone, you may submit your question in writing. However, if you are not satisfied with a benefit determination as described in (How to File a Claim) you may appeal it as described below, without first informally contacting Customer Service. If you first informally contact Customer Service and later wish to request a formal appeal in writing, you should contact Customer Service and request an appeal. If you request a formal appeal, a Customer Service representative will provide you with the appropriate address of the Claims Administrator.

If you are appealing an urgent care claim denial, please refer to the "Urgent Claim Appeals that Require Immediate Action" section below and contact Customer Service immediately.

The Customer Service telephone number is shown on your ID card. Customer Service representatives are available to take your call during regular business hours, Monday through Friday.

How to Appeal a Claim Decision
If you wish to appeal a denied pre-service request for Benefits, post-service claim or a rescission of coverage as described below, you or your authorized representative must submit your appeal in writing within 180 days of receiving the adverse benefit determination. You do not need to submit Urgent Care appeals in writing.

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to the Claims Administrator within 180 days after you receive the claim denial.

Appeal Process
A qualified individual who was not involved in the decision being appealed will be appointed to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with appropriate expertise in the field.
who was not involved in the prior determination. The Claims Administrator may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information. 

Upon request and free of charge you have the right to reasonable access to and copies of, all documents, records, and other information relevant to your claim for benefits.

### Appeals Determinations
#### Pre-Service and Post-Service Claim Appeals
You will be provided written or electronic notification of decision on your appeal as follows:

For appeals of pre-service claims (as defined in How to File a Claim), the first level appeal will be conducted and you will be notified by the Claims Administrator of the decision within 15 days from receipt of a request for appeal of a denied claim. The second level appeal will be conducted and you will be notified by the Claims Administrator of the decision within 15 days from receipt of a request for review of the first level appeal decision.

For appeals of post-service claims (as defined in How to File a Claim), the first level appeal will be conducted and you will be notified by the Claims Administrator of the decision within 30 days from receipt of a request for appeal of a denied claim. The second level appeal will be conducted and you will be notified by the Claims Administrator of the decision within 30 days from receipt of a request for review of the first level appeal decision.

For procedures associated with urgent claims, see "Urgent Claim Appeals that Require Immediate Action" below.

If you are not satisfied with the first level appeal decision of the Claims Administrator, you have the right to request a second level appeal from the Claims Administrator. Your second level appeal request must be submitted to the Claims Administrator in writing within 60 days from receipt of the first level appeal decision.

For pre-service and post-service claim appeals, we have delegated to the Claims Administrator the exclusive right to interpret and administer the provisions of the Plan. The Claims Administrator's decisions are conclusive and binding.

Please note that the Claims Administrator's decision is based only on whether or not Benefits are available under the Plan for the proposed treatment or procedure. The determination as to whether the pending health service is necessary or appropriate is between you and your Physician.

### Urgent Claim Appeals that Require Immediate Action
Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health or the ability to regain maximum function or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call the Claims Administrator as soon as possible. The Claims Administrator will provide you with a written or electronic determination within 24 hours following receipt by the Claims Administrator of your request for review of the determination taking into account the seriousness of your condition.

For urgent claim appeals, we have delegated to the Claims Administrator the exclusive right to interpret and administer the
provisions of the Plan. The Claims Administrator's decisions are conclusive and binding.

**Voluntary External Review**

If, after exhausting the two levels of appeal, you are not satisfied with the final determination, you may choose to participate in the voluntary external review program. This program only applies if the claim denial is based on:

- Clinical reasons.
- The exclusions for Experimental or Investigational Services or Unproven Services.

The voluntary external review program is not available if the adverse benefit determination is based on explicit benefit exclusions or defined benefit limits. Contact the Claims Administrator at the toll-free number on your ID card for more information.

**Federal External Review Program**

If, after exhausting your internal appeals, you are not satisfied with the determination made by the Claims Administrator, or if the Claims Administrator fails to respond to your appeal in accordance with applicable regulations regarding timing, you may be entitled to request an external review of the Claims Administrator determination. The process is available at no charge to you.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- clinical reasons;
- the exclusions for Experimental or Investigational Services or Unproven Services;
- rescission of coverage (coverage that was cancelled or discontinued retroactively); or
- as otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address set out in the determination letter. You or your representative may request an expedited external review, in urgent situations as detailed below, by calling the toll-free number on your ID card or by sending a written request to the address set out in the determination letter. A request must be made within four months after the date you received the Claims Administrator's decision.

An external review request should include all of the following:

- a specific request for an external review;
- the Covered Person's name, address, and insurance ID number;
- your designated representative's name and address, when applicable;
- the service that was denied; and
- any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an Independent Review Organization (IRO). The Claims Administrator has entered into agreements with three or more IROs that have agreed to perform such reviews. There are two types of external reviews available:

- a standard external review; and
- an expedited external review.
Standard External Review

A standard external review is comprised of all of the following:

- a preliminary review by the Claims Administrator of the request;
- a referral of the request by the Claims Administrator to the IRO; and
- a decision by the IRO.

Within the applicable timeframe after receipt of the request, the Claims Administrator will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following:

- is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided;
- has exhausted the applicable internal appeals process; and
- has provided all the information and forms required so that the Claims Administrator may process the request.

After the Claims Administrator completes the preliminary review, the Claims Administrator will issue a notification in writing to you. If the request is eligible for external review, the Claims Administrator will assign an IRO to conduct such review. The Claims Administrator will assign requests by either rotating claims assignments among the IROs or by using a random selection process.

The IRO will notify you in writing of the request’s eligibility and acceptance for external review. You may submit in writing to the IRO within ten business days following the date of receipt of the notice additional information that the IRO will consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted by you after ten business days.

The Claims Administrator will provide to the assigned IRO the documents and information considered in making the Claims Administrator’s determination. The documents include:

- all relevant medical records;
- all other documents relied upon by the Claims Administrator; and
- all other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request and the Claims Administrator will include it with the documents forwarded to the IRO.

In reaching a decision, the IRO will review the claim anew and not be bound by any decisions or conclusions reached by the Claims Administrator. The IRO will provide written notice of its determination (the “Final External Review Decision”) within 45 days after it receives the request for the external review (unless they request additional time and you agree). The IRO will deliver the notice of Final External Review Decision to you and the Claims Administrator, and it will include the clinical basis for the determination.

Upon receipt of a Final External Review Decision reversing the Claims Administrator’s determination, the Plan will immediately provide coverage or payment for the benefit claim at issue in accordance with the terms and conditions of the Plan, and any applicable law regarding plan remedies. If the Final External Review Decision is that payment or referral will not be made, the Plan will

Choice Plus Buy-Up Plan for Concur Technologies, Inc.
not be obligated to provide Benefits for the health care service or procedure.

**Expedited External Review**

An expedited external review is similar to a standard external review. The most significant difference between the two is that the time periods for completing certain portions of the review process are much shorter, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive either of the following:

- an adverse benefit determination of a claim or appeal if the adverse benefit determination involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize the life or health of the individual or would jeopardize the individual’s ability to regain maximum function and you have filed a request for an expedited internal appeal; or

- a final appeal decision, if the determination involves a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the individual or would jeopardize the individual’s ability to regain maximum function, or if the final appeal decision concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency services, but has not been discharged from a facility.

Immediately upon receipt of the request, the Claims Administrator will determine whether the individual meets both of the following:

- is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.

- has provided all the information and forms required so that the Claims Administrator may process the request.

After the Claims Administrator completes the review, the Claims Administrator will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, the Claims Administrator will assign an IRO in the same manner the Claims Administrator utilizes to assign standard external reviews to IROs. The Claims Administrator will provide all necessary documents and information considered in making the adverse benefit determination or final adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method. The IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the IRO will review the claim anew and not be bound by any decisions or conclusions reached by the Claims Administrator. The IRO will provide notice of the final external review decision for an expedited external review as expeditiously as the claimant’s medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the initial notice, the assigned IRO will provide written confirmation of the decision to you and to the Claims Administrator.

You may contact the Claims Administrator at the toll-free Customer Service number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.
Concurrent Care Claims
If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an Urgent Care request for Benefits as defined above, your request will be decided within 24 hours. The Claims Administrator will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.
Section 7: Coordination of Benefits

This section provides you with information about:

- What you need to know when you have coverage under more than one plan.
- Definitions specific to Coordination of Benefit rules.
- Order of payment rules.

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Plan will be coordinated with those of any other plan that provides benefits to you. The language in this section is from model laws drafted by the National Association of Insurance Commissioners (NAIC) and represents standard industry practice for coordinating benefits.

When Coordination of Benefits Applies

This coordination of benefits (COB) provision applies when a person has health care coverage under more than one benefit plan.

The order of benefit determination rules described in this section determine which Coverage Plan will pay as the Primary Coverage Plan. The Primary Coverage Plan that pays first pays without regard to the possibility that another Coverage Plan may cover some expenses. A Secondary Coverage Plan pays after the Primary Coverage Plan and may reduce the benefits it pays. This is to prevent payments from all group Coverage Plans from exceeding 100 percent of the total Allowable Expense.

Definitions

For purposes of this section, terms are defined as follows:

1. "Coverage Plan" is any of the following that provides benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Coverage Plan and there is no COB among those separate contracts.
   a. "Coverage Plan" includes: group insurance, closed panel or other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or other governmental benefits, as permitted by law.
   b. "Coverage Plan" does not include: individual or family insurance; closed panel or other individual coverage (except for group-type coverage); school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare supplement policies, Medicaid policies and coverage under other governmental plans, unless permitted by law.

Each contract for coverage under a. or b. above is a separate Coverage Plan. If a Coverage Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Coverage Plan.
2. The order of benefit determination rules determine whether this Coverage Plan is a "Primary Coverage Plan" or "Secondary Coverage Plan" when compared to another Coverage Plan covering the person.

When this Coverage Plan is primary, its benefits are determined before those of any other Coverage Plan and without considering any other Coverage Plan's benefits. When this Coverage Plan is secondary, its benefits are determined after those of another Coverage Plan and may be reduced because of the Primary Coverage Plan's benefits.

3. "Allowable Expense" means a health care service or expense, including deductibles and copayments, that is covered at least in part by any of the Coverage Plans covering the person. When a Coverage Plan provides benefits in the form of services, (for example an HMO) the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense or service that is not covered by any of the Coverage Plans is not an Allowable Expense. Dental care, routine vision care, outpatient prescription drugs, and hearing aids are examples of expenses or services that are not Allowable Expenses under the Plan. The following are additional examples of expenses or services that are not Allowable Expenses:

   a. If a Covered Person is confined in a private Hospital room, the difference between the cost of a Semi-private Room in the Hospital and the private room, (unless the patient's stay in a private Hospital room is medically necessary in terms of generally accepted medical practice, or one of the Coverage Plans routinely provides coverage for Hospital private rooms) is not an Allowable Expense.

   b. If a person is covered by two or more Coverage Plans that compute their benefit payments on the basis of usual and customary fees, any amount in excess of the highest of the usual and customary fees for a specific benefit is not an Allowable Expense.

   c. If a person is covered by two or more Coverage Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.

   d. If a person is covered by one Coverage Plan that calculates its benefits or services on the basis of usual and customary fees and another Coverage Plan that provides its benefits or services on the basis of negotiated fees, the Primary Coverage Plan's payment arrangements shall be the Allowable Expense for all Coverage Plans.

   e. The amount a benefit is reduced by the Primary Coverage Plan because a Covered Person does not comply with the Coverage Plan provisions. Examples of these provisions are second surgical opinions, precertification of admissions, and preferred provider arrangements.

4. "Claim Determination Period" means a calendar year. However, it does not include any part of a year during which a person has no coverage under this Coverage Plan, or before the date this COB provision or a similar provision takes effect.

5. "Closed Panel Plan" is a Coverage Plan that provides health benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Coverage Plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

6. "Custodial Parent" means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.
Order of Benefit Determination Rules
When two or more Coverage Plans pay benefits, the rules for determining the order of payment are as follows:

A. The Primary Coverage Plan pays or provides its benefits as if the Secondary Coverage Plan or Coverage Plans did not exist.

B. A Coverage Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the Coverage Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base Coverage Plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel Coverage Plan to provide out-of-network benefits.

C. A Coverage Plan may consider the benefits paid or provided by another Coverage Plan in determining its benefits only when it is secondary to that other Coverage Plan.

D. The first of the following rules that describes which Coverage Plan pays its benefits before another Coverage Plan is the rule to use.

1. Non-Dependent or Dependent. The Coverage Plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the Coverage Plan that covers the person as a dependent is secondary. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Coverage Plan covering the person as a dependent; and primary to the Coverage Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Coverage Plans is reversed so that the Coverage Plan covering the person as an employee, member, subscriber or retiree is secondary and the other Coverage Plan is primary.

2. Child Covered Under More Than One Coverage Plan. The order of benefits when a child is covered by more than one Coverage Plan is:
   a. The Primary Coverage Plan is the Coverage Plan of the parent whose birthday is earlier in the year if:
      1) The parents are married;
      2) The parents are not separated (whether or not they ever have been married); or
      3) A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.
   If both parents have the same birthday, the Coverage Plan that covered either of the parents longer is primary.
   b. If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage and the Coverage Plan of that parent has actual knowledge of those terms, that Coverage Plan is primary. This rule applies to claim determination periods or Calendar Years commencing after the Coverage Plan is given notice of the court decree.
   c. If the parents are not married, or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:
      1) The Coverage Plan of the custodial parent;
      2) The Coverage Plan of the spouse of the custodial parent;
      3) The Coverage Plan of the noncustodial parent; and then

To continue reading, go to right column on this page.

To continue reading, go to left column on next page.
4) The Coverage Plan of the spouse of the noncustodial parent.

3. Active or inactive employee. The Coverage Plan that covers a person as an employee who is neither laid off nor retired is primary. The same would hold true if a person is a dependent of a person covered as a retiree and an employee. If the other Coverage Plan does not have this rule, and if, as a result, the Coverage Plans do not agree on the order of benefits, this rule is ignored. Coverage provided an individual as a retired worker and as a dependent of an actively working spouse will be determined under the rule labeled D(1).

4. Continuation coverage. If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another Coverage Plan, the Coverage Plan covering the person as an employee, member, subscriber or retiree (or as that person’s dependent) is primary, and the continuation coverage is secondary. If the other Coverage Plan does not have this rule, and if, as a result, the Coverage Plans do not agree on the order of benefits, this rule is ignored.

5. Longer or shorter length of coverage. The Coverage Plan that covered the person as an employee, member, subscriber or retiree longer is primary.

6. If a husband or wife is covered under this Coverage Plan as a Participant and as an Enrolled Dependent, the dependent benefits will be coordinated as if they were provided under another Coverage Plan, this means the Participant's benefit will pay first.

7. If the preceding rules do not determine the Primary Coverage Plan, the Allowable Expenses shall be shared equally between the Coverage Plans meeting the definition of Coverage Plan under this provision. In addition, this Coverage Plan will not pay more than it would have paid had it been primary.

Effect on the Benefits of this Plan

A. When this Coverage Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Coverage Plans during a claim determination period are not more than 100 percent of total Allowable Expenses. The difference between the benefit payments that this Coverage Plan would have paid had it been the Primary Coverage Plan, and the benefit payments that it actually paid or provided shall be recorded as a benefit reserve for the Covered Person and used by this Coverage Plan to pay any Allowable Expenses, not otherwise paid during the claim determination period. As each claim is submitted, this Coverage Plan will:

1. Determine its obligation to pay or provide benefits under its contract;
2. Determine whether a benefit reserve has been recorded for the Covered Person; and
3. Determine whether there are any unpaid Allowable Expenses during that claims determination period.

If there is a benefit reserve, the Secondary Coverage Plan will use the Covered Person's benefit reserve to pay up to 100 percent of total Allowable Expenses incurred during the claims determination period. At the end of the claim determination period, the benefit reserve returns to zero. A new benefit reserve must be created for each new claim determination period.

A. When this Coverage Plan is secondary, it may reduce its benefits by the total amount of benefits paid or provided by all Coverage Plans primary to this Coverage Plan. As each claim is submitted, this Coverage Plan will:

1. Determine its obligation to pay or provide benefits under its contract;
2. Determine the difference between the benefit payments that this Coverage Plan would have paid had it been the Primary

To continue reading, go to right column on this page.
Coverage Plan and the benefit payments paid or provided by all Coverage Plans primary to this Coverage Plan. If there is a difference, this Coverage Plan will pay that amount. Benefits paid or provided by this Coverage Plan plus those of Coverage Plans primary to this Coverage Plan may be less than 100 percent of total Allowable Expenses.

B. If a Covered Person is enrolled in two or more closed panel Coverage Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one closed panel Coverage Plan, COB shall not apply between that Coverage Plan and other closed panel Coverage Plans.

C. This Coverage Plan reduces its benefits as described below for Covered Persons who are eligible for Medicare when Medicare would be the Primary Coverage Plan.

Medicare benefits are determined as if the full amount that would have been payable under Medicare was actually paid under Medicare, even if:

- The person is entitled but not enrolled for Medicare. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.
- The person is enrolled in a Medicare+Choice (Medicare Part C) plan and receives non-covered services because the person did not follow all rules of that plan. Medicare benefits are determined as if the services were covered under Medicare Parts A and B.
- The person receives services from a provider who has elected to opt-out of Medicare. Medicare benefits are determined as if the services were covered under Medicare Parts A and B and the provider had agreed to limit charges to the amount of charges allowed under Medicare rules.
- The services are provided in any facility that is not eligible for Medicare reimbursements, including a Veterans Administration facility, facility of the Uniformed Services, or other facility of the federal government. Medicare benefits are determined as if the services were provided by a facility that is eligible for reimbursement under Medicare.
- The person is enrolled under a plan with a Medicare Medical Savings Account. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Coverage Plan and other Coverage Plans. The Plan Administrator may get the facts it needs from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Coverage Plan and other Coverage Plans covering the person claiming benefits.

The Plan Administrator need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Coverage Plan must give us any facts we need to apply those rules and determine the benefits payable. If you do not provide us the information we need to apply these rules and determine the benefits payable, your claim for benefits will be denied.

Payments Made

A payment made under another Coverage Plan may include an amount that should have been paid under this Coverage Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit
paid under this Coverage Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

Right of Recovery
If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.
Section 8: When Coverage Ends

This section provides you with information about all of the following:

- Events that cause coverage to end.
- The date your coverage ends.
- Continuation of coverage under federal law (COBRA).
- Conversion.

General Information about When Coverage Ends

We may discontinue this Benefit plan and/or all similar benefit plans at any time.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, we will still pay claims for Covered Health Services that you received before your coverage ended. However, once your coverage ends, we do not provide Benefits for health services that you receive for medical conditions that occurred before your coverage ended, even if the underlying medical condition occurred before your coverage ended.

An Enrolled Dependent's coverage ends on the date the Participant's coverage ends.
# Events Ending Your Coverage

Coverage ends on the earliest of the dates specified in the following table:

Coverage for a Handicapped Child
Coverage for an unmarried Enrolled Dependent child who is not able to be self-supporting because of mental retardation or a physical handicap will not end just because the child has reached a certain age. We will extend the coverage for that child beyond the limiting age if both of the following are true regarding the Enrolled Dependent child:

- Is not able to be self-supporting because of mental retardation or physical handicap.
- Depends mainly on the Participant for support.

Coverage will continue as long as the Enrolled Dependent is incapacitated and dependent unless coverage is otherwise terminated in accordance with the terms of the Plan.

We will ask you to furnish the Plan Administrator with proof of the child's incapacity and dependency within 31 days of the date coverage would otherwise have ended because the child reached a certain age. Before the Plan Administrator agrees to this extension of coverage for the child, the Plan Administrator may require that a Physician chosen by us examine the child. We will pay for that examination.

The Plan Administrator may continue to ask you for proof that the child continues to meet these conditions of incapacity and dependency. Such proof might include medical examinations at our expense. However, we will not ask for this information more than once a year.

If you do not provide proof of the child's incapacity and dependency within 31 days of the Plan Administrator's request as described above, coverage for that child will end.

Continuation of Coverage and Conversion
If your coverage ends under the Plan, you may be entitled to elect continuation coverage (coverage that continues on in some form) in accordance with federal law.

Continuation coverage under COBRA (the federal Consolidated Omnibus Budget Reconciliation Act) is available only to Plans that are subject to the terms of COBRA. You can contact your Plan Administrator to determine if we are subject to the provisions of COBRA.

If you selected continuation coverage under a prior plan which was then replaced by coverage under this Plan, continuation coverage will end as scheduled under the prior plan or in accordance with the terminating events listed below, whichever is earlier.

Continuation Coverage under Federal Law (COBRA)
Much of the language in this section comes from the federal law that governs continuation coverage. You should call your Plan Administrator if you have questions about your right to continue coverage.

In order to be eligible for continuation coverage under federal law, you must meet the definition of a "Qualified Beneficiary". A Qualified Beneficiary is any of the following persons who was covered under the Plan on the day before a qualifying event:

- A Participant.
- A Participant's Enrolled Dependent, including with respect to the Participant's children, a child born to or placed for adoption with the Participant during a period of continuation coverage under Federal Law.
• A Participant's former spouse.

Qualifying Events for Continuation Coverage under Federal Law (COBRA)
If the coverage of a Qualified Beneficiary would ordinarily terminate due to one of the following qualifying events, then the Qualified Beneficiary is entitled to continue coverage. The Qualified Beneficiary is entitled to elect the same coverage that she or he had on the day before the qualifying event.

A. Termination of the Participant from employment with us, for any reason other than gross misconduct, or reduction of hours; or
B. Death of the Participant; or
C. Divorce or legal separation of the Participant; or
D. Loss of eligibility by an Enrolled Dependent who is a child; or
E. Entitlement of the Participant to Medicare benefits; or
F. The Plan Sponsor filing for bankruptcy, under Title XI, United States Code, on or after January 1, 1986, but only for a retired Participant and his or her Enrolled Dependents. This is also a qualifying event for any retired Participant and his or her Enrolled Dependents if there is a substantial elimination of coverage within one year before or after the date the bankruptcy was filed.

Notification Requirements and Election Period for Continuation Coverage under Federal Law (COBRA)
The Participant or other Qualified Beneficiary must notify the Plan Administrator within 60 days of the Participant's divorce, legal separation or an Enrolled Dependent's loss of eligibility as an Enrolled Dependent. If the Participant or other Qualified Beneficiary fails to notify the Plan Administrator of these events within the 60 day period, the Plan Administrator is not obligated to provide continued coverage to the affected Qualified Beneficiary. If a Participant is continuing coverage under Federal Law, the Participant must notify the Plan Administrator within 60 days of the birth or adoption of a child.

Continuation must be elected by the later of 60 days after the qualifying event occurs; or 60 days after the Qualified Beneficiary receives notice of the continuation right from the Plan Administrator.

If the Qualified Beneficiary's coverage was terminated due to a qualifying event, then the initial premium due to the Plan Administrator must be paid on or before the 45th day after electing continuation.

Terminating Events for Continuation Coverage under Federal Law (COBRA)
Continuation under the Plan will end on the earliest of the following dates:

A. Eighteen months from the date of the qualifying event, if the Qualified Beneficiary's coverage would have ended because the Participant's employment was terminated or hours were reduced (i.e., qualifying event A.).

If a Qualified Beneficiary is determined to have been disabled under the Social Security Act at anytime within the first 60 days of continuation coverage for qualifying event A. then the Qualified Beneficiary may elect an additional 11 months of continuation coverage (for a total of 29 months of continued coverage) subject to the following condition: (i) notice of such disability

To continue reading, go to right column on this page.

To continue reading, go to left column on next page.
must be provided within 60 days after the determination of the
disability, and in no event later than the end of the first 18 months;
(ii) the Qualified Beneficiary must agree to pay any increase in the
required premium for the additional 11 months; and (iii) if the
Qualified Beneficiary entitled to the 11 months of coverage has
non-disabled family members who are also Qualified Beneficiaries,
then those non-disabled Qualified Beneficiaries are also entitled to
the additional 11 months of continuation coverage. Notice of any
final determination that the Qualified Beneficiary is no longer
disabled must be provided within 30 days of such determination.
Thereafter, continuation coverage may be terminated on the first
day of the month that begins more than 30 days after the date of
that determination.

B. Thirty-six months from the date of the qualifying event for an
Enrolled Dependent whose coverage ended because of the death
of the Participant, divorce or legal separation of the Participant,
loss of eligibility by an Enrolled Dependent who is a child (i.e.
qualifying events B., C., or D.).

C. For the Enrolled Dependents of a Participant who was entitled
to Medicare prior to a qualifying event that was due to either the
termination of employment or work hours being reduced,
eighteen months from the date of the qualifying event, or, if
later, 36 months from the date of the Participant's Medicare
entitlement.

D. The date coverage terminates under the Plan for failure to make
timely payment of the premium.

E. The date, after electing continuation coverage, that coverage is
first obtained under any other group health plan. If such
coverage contains a limitation or exclusion with respect to any
preexisting condition, continuation shall end on the date such
limitation or exclusion ends. The other group health coverage
shall be primary for all health services except those health
services that are subject to the pre-existing condition limitation
or exclusion.

F. The date, after electing continuation coverage, that the Qualified
Beneficiary first becomes entitled to Medicare, except that this
shall not apply in the event that coverage was terminated
because the Plan Sponsor filed for bankruptcy, (i.e. qualifying
event F.).

G. The date the entire Plan ends.

H. The date coverage would otherwise terminate under the Plan as
described in this section under the heading Events Ending Your
Coverage.

If a Qualified Beneficiary is entitled to 18 months of continuation
and a second qualifying event occurs during that time, the Qualified
Beneficiary's coverage may be extended up to a maximum of 36
months from the date coverage ended because employment was
terminated or hours were reduced. If the Qualified Beneficiary was
entitled to continuation because the Plan Sponsor filed for
bankruptcy, (i.e. qualifying event F.) and the retired Participant dies
during the continuation period, then the other Qualified
Beneficiaries shall be entitled to continue coverage for 36 months
from the date of the Participant's death. Terminating events B.
through G. described in this section will apply during the extended
continuation period.

Continuation coverage for Qualified Beneficiaries whose
continuation coverage terminates because the Participant becomes
entitled to Medicare may be extended for an additional period of
time. Such Qualified Beneficiaries should contact the Plan
Administrator for information regarding the continuation period.
Conversion

If your coverage terminates for one of the reasons described below, you may apply for conversion coverage without furnishing evidence of insurability.

Reasons for termination:

- You cease to be eligible as a Participant or Enrolled Dependent.
- Continuation coverage ends.

This right to conversion coverage is contingent upon the exhaustion of COBRA continuation coverage.

Application and payment of the initial payment must be made to our designated carrier within 31 days after coverage ends under this Plan. Conversion coverage will be issued in accordance with the terms and conditions the designated carrier has in effect at the time of application. Conversion coverage may be substantially different from coverage provided under this Plan.
Section 9:
General Legal Provisions

This section provides you with information about:
• General legal provisions concerning your Plan.

Plan Document
This Summary Plan Description presents an overview of your Benefits. In the event of any discrepancy between this Summary Plan Description and the official Plan Document, the Plan Document shall govern.

Relationship with Providers
The relationships between us, the Claims Administrator, and Network providers are solely contractual relationships between independent contractors. Network providers are not our agents or employees. Nor are they agents or employees of the Claims Administrator. Neither we nor any of our employees are agents or employees of Network providers.

We do not provide health care services or supplies, nor do we practice medicine. Instead, we pay Benefits. Network providers are independent practitioners who run their own offices and facilities. The credentialing process confirms public information about the providers’ licenses and other credentials, but does not assure the quality of the services provided. Network providers are not our employees or employees of the Claims Administrator; nor do we have any other relationship with Network providers such as principal-agent or joint venture. Neither we nor the Claims Administrator are liable for any act or omission of any provider.

The Claims Administrator is not considered to be an employer of the Plan Administrator for any purpose with respect to the administration or provision of benefits under this Plan.

We and the Plan Administrator are solely responsible for all of the following:
• Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
• The timely payment of Benefits.
• Notifying you of the termination or modifications to the Plan.

Your Relationship with Providers
The relationship between you and any provider is that of provider and patient.

• You are responsible for choosing your own provider.
• You must decide if any provider treating you is right for you. This includes Network providers you choose and providers to whom you have been referred.
• You must decide with your provider what care you should receive.
• Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and us is that of employer and employee, Dependent or other classification as defined in the Plan.
Incentives to Providers
The Claims Administrator pays Network providers through various types of contractual arrangements, some of which may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction, and/or cost effectiveness.
- Capitation - a group of Network providers receives a monthly payment from the Claims Administrator for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person’s health care is less than or more than the payment.

The methods used to pay specific Network providers may vary. From time to time, the payment method may change. If you have questions about whether your Network provider's contract includes any financial incentives, we encourage you to discuss those questions with your provider. You may also contact the Claims Administrator at the telephone number on your ID card. They can advise whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed.

Incentives to You
Sometimes the Claims Administrator may offer coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is yours alone but we recommend that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. Contact the Claims Administrator if you have any questions.

Interpretation of Benefits
We and the Claims Administrator have sole and exclusive discretion to do all of the following:

- Interpret Benefits under the Plan.
- Interpret the other terms, conditions, limitations and exclusions of the Plan, including this SPD and any Riders and Amendments.
- Make factual determinations related to the Plan and its Benefits.

We and the Claims Administrator may delegate this discretionary authority to other persons or entities who provide services in regard to the administration of the Plan.

In certain circumstances, for purposes of overall cost savings or efficiency, we may, in our sole discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

Administrative Services
We may, in our sole discretion, arrange for various persons or entities to provide administrative services in regard to the Plan, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time in our sole discretion. We are not required to give you prior
Amendments to the Plan

We reserve the right, in our sole discretion and without your approval, to change, interpret, modify, withdraw or add Benefits or terminate the Plan. Plan Amendments and Riders are effective on the date we specify.

Any provision of the Plan which, on its effective date, is in conflict with the requirements of federal statutes or regulations, or applicable state law provisions not otherwise preempted by ERISA (of the jurisdiction in which the Plan is delivered) is hereby amended to conform to the minimum requirements of such statutes and regulations.

Any change or amendment to or termination of the Plan, its benefits or its terms and conditions, in whole or in part, shall be made solely in a written amendment (in the case of a change or amendment) or in a written resolution (in the case of a termination), whether prospective or retroactive, to the Plan, in accordance with the procedures established by us. Covered Persons will receive notice of any material modification to the Plan. No one has the authority to make any oral modification to the SPD.

Clerical Error

If a clerical error or other mistake occurs, that error does not create a right to Benefits. These errors include, but are not limited to, providing misinformation on eligibility or Benefit coverages or entitlements. It is your responsibility to confirm the accuracy of statements made by us or our designees, including the Claims Administrator, in accordance with the terms of this SPD and other Plan documents.

Information and Records

At times we or the Claims Administrator may need additional information from you. You agree to furnish us and/or the Claims Administrator with all information and proofs that we may reasonably require regarding any matters pertaining to the Plan. If you do not provide this information when we request it we may delay or deny payment of your Benefits.

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish us or the Claims Administrator with all information or copies of records relating to the services provided to you. We or the Claims Administrator have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Participant’s enrollment form. We and the Claims Administrator agree that such information and records will be considered confidential.

We and the Claims Administrator have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Plan, for appropriate medical review or quality assessment, or as we are required to do by law or regulation. During and after the term of the Plan, we, the Claims Administrator, and our related entities may use and transfer the information gathered under the Plan for research and analytic purposes.

For complete listings of your medical records or billing statements we recommend that you contact your health care provider. Providers
may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, we or the Claims Administrator will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. Such designees have the same rights to this information as the Plan Administrator.

Examination of Covered Persons
In the event of a question or dispute regarding your right to Benefits, we may require that a Network Physician of our choice examine you at our expense.

Workers' Compensation not Affected
Benefits provided under the Plan do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Medicare Eligibility
Benefits under the Plan are not intended to supplement any coverage provided by Medicare. Nevertheless, in some circumstances Covered Persons who are eligible for or enrolled in Medicare may also be enrolled under the Plan.

If you are eligible for or enrolled in Medicare, please read the following information carefully.

If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under the Plan), you should enroll for and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if we are the secondary payer as described in (Section 7: Coordination of Benefits), we will pay Benefits under the Plan as if you were covered under both Medicare Part A and Part B. As a result, you will be responsible for the costs that Medicare would have paid and you will incur a larger out-of-pocket cost.

If you are enrolled in a Medicare+Choice (Medicare Part C) plan on a primary basis (Medicare pays before Benefits under the Plan), you should follow all rules of that plan that require you to seek services from that plan's participating providers. When we are the secondary payer, we will pay any Benefits available to you under the Plan as if you had followed all rules of the Medicare+Choice plan. You will be responsible for any additional costs or reduced Benefits that result from your failure to follow these rules, and you will incur a larger out-of-pocket cost.

Subrogation and Reimbursement
Subrogation is the substitution of one person or entity in the place of another with reference to a lawful claim, demand or right. If you receive a Benefit payment from the Plan for an Injury caused by a third party, and you later receive any payment for that same condition or Injury from another person, organization or insurance company, we have the right to recover any payments made by the Plan to you. This process of recovering earlier payments is called subrogation. In case of subrogation, you may be asked to sign and deliver information or documents necessary for us to protect our
right to recover Benefit payments made. You agree to provide us all assistance necessary as a condition of participation in the Plan, including cooperation and information submitted to or supplied by a workers’ compensation, liability insurance carrier, and any medical benefits, no-fault insurance, or school insurance coverage that are paid or payable.

We shall be subrogated to and shall succeed to all rights of recovery, under any legal theory of any type, for the reasonable value of services and Benefits we provided to you from any or all of the following:

- Third parties, including any person alleged to have caused you to suffer injuries or damages.
- Your employer.
- Any person or entity obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection (these third parties and persons or entities are collectively referred to as "Third Parties").

You agree as follows:

- To assign to us all rights of recovery against Third Parties, to the extent of the reasonable value of services and Benefits we provided, plus reasonable costs of collection.
- To cooperate with us in protecting our legal rights to subrogation and reimbursement.
- That our rights will be considered as the first priority claim against Third Parties, to be paid before any other of your claims are paid.
- That you will do nothing to prejudice our rights under this provision, either before or after the need for services or benefits under the Plan.
- That we may, at our option, take necessary and appropriate action to preserve our rights under these subrogation provisions, including filing suit in your name.
- That regardless of whether or not you have been fully compensated, we may collect from the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, the reasonable value of services provided under the Plan.
- To hold in trust for our benefit under these subrogation provisions any proceeds of settlement or judgment.
- That we shall be entitled to recover reasonable attorney fees from you incurred in collecting proceeds held by you.
- That you will not accept any settlement that does not fully compensate or reimburse us without our written approval.
- To execute and deliver such documents (including a written confirmation of assignment, and consent to release medical records), and provide such help (including responding to requests for information about any accident or injuries and making court appearances) as we may reasonably request from you.
- We will not pay fees, costs or expenses you incur with any claim or lawsuit, without our prior written consent.

Refund of Overpayments

If we pay Benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to us if either of the following apply:

- All or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person.
• All or some of the payment we made exceeded the Benefits under the Plan.

The refund equals the amount we paid in excess of the amount we should have paid under the Plan. If the refund is due from another person or organization, the Covered Person agrees to help us get the refund when requested.

If the Covered Person, or any other person or organization that was paid, does not promptly refund the full amount, we may reduce the amount of any future Benefits that are payable under the Plan. The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future benefits.

Limitation of Action

If you want to bring a legal action against us or the Claims Administrator you must do so within three years from the expiration of the time period in which a request for reimbursement must be submitted or you lose any rights to bring such an action against us or the Claims Administrator.

You cannot bring any legal action against us or the Claims Administrator for any other reason unless you first complete all the steps in the appeal process described in this document. After completing that process, if you want to bring a legal action against us or the Claims Administrator you must do so within three years of the date you are notified of our final decision on your appeal, or you lose any rights to bring such an action against us or the Claims Administrator.
Section 10: Glossary of Defined Terms

This section:
• Defines the terms used throughout this SPD.
• Is not intended to describe Benefits.

*Alternate Facility* - a health care facility that is not a Hospital, or a facility that is attached to a Hospital and that is designated by the Hospital as an Alternate Facility. This facility provides one or more of the following services on an outpatient basis, as permitted by law:

- Pre-scheduled surgical services.
- Emergency Health Services.
- Pre-scheduled rehabilitative, laboratory or diagnostic services.

An Alternate Facility may also provide Mental Health Services or Substance Use Disorder Services on an outpatient or inpatient basis.

*Amendment* - any attached written description of additional or alternative provisions to the Plan. Amendments are effective only when signed by us or the Plan Administrator. Amendments are subject to all conditions, limitations and exclusions of the Plan, except for those that are specifically amended.

*Annual Deductible* - the amount you must pay for Covered Health Services in a Calendar Year before we will begin paying for Non-Network Benefits in that Calendar Year.

Any amount you pay for Non-Network medical expenses in the last three months of the previous Calendar Year, that is applied to the previous Annual Deductible, will be carried over and applied to the current Annual Deductible. This carry-over feature applies only to the individual Annual Deductible.

*Autism Spectrum Disorders* - a group of neurobiological disorders that includes Autistic Disorder, Rhett’s Syndrome, Asperger's Disorder, Childhood Disintegrated Disorder, and a Pervasive Development Disorders Not Otherwise Specified (PDDNOS).

*Benefits* - your right to payment for Covered Health Services that are available under the Plan. Your right to Benefits is subject to the terms, conditions, limitations and exclusions of the Plan, including this SPD and any attached Riders and Amendments.

*Claims Administrator* - the company (including its affiliates) that provides certain claim administration services for the Plan.

*Congenital Anomaly* - a physical developmental defect that is present at birth, and is identified within the first twelve months of birth.

*Copayment* - the charge you are required to pay for certain Covered Health Services. A Copayment may be either a set dollar amount or a percentage of Eligible Expenses.

*Cosmetic Procedures* - procedures or services that change or improve appearance without significantly improving physiological function, as determined by the Claims Administrator on our behalf.

**Covered Health Service(s)** - those health services provided for the purpose of preventing, diagnosing or treating a Sickness, Injury, Mental Illness, Substance Use Disorder, or their symptoms.

A Covered Health Service is a health care service or supply described in (Section 1: What's Covered--Benefits) as a Covered Health Service, which is not excluded under (Section 2: What's Not Covered--Exclusions).

**Covered Person** - either the Participant or an Enrolled Dependent, but this term applies only while the person is enrolled under the Plan. References to "you" and "your" throughout this SPD are references to a Covered Person.

**Custodial Care** - services that:

- Are non-health related services, such as assistance in activities of daily living (including but not limited to feeding, dressing, bathing, transferring and ambulating); or
- Are health-related services which do not seek to cure, or which are provided during periods when the medical condition of the patient who requires the service is not changing; or
- Do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

**Dependent** - the Participant’s legal spouse or a Dependent child of the Participant. All references to the spouse of a Participant shall include a Domestic Partner. The term child includes any of the following:

- A natural child.
- A stepchild.
- A legally adopted child.
- A child placed for adoption.

- A child for whom legal guardianship has been awarded to the Participant or the Participant’s spouse.

The definition of Dependent is subject to the following conditions and limitations:

- A Dependent includes any Dependent child under 26 years of age.

The Participant must reimburse us for any Benefits that we pay for a child at a time when the child did not satisfy these conditions.

A Dependent also includes a child for whom health care coverage is required through a 'Qualified Medical Child Support Order' or other court or administrative order. We are responsible for determining if an order meets the criteria of a Qualified Medical Child Support Order.

**Designated Facility** - a Hospital that the Claims Administrator names as a Designated Facility. A Designated Facility has entered into an agreement with an organization contracting on our behalf to render Covered Health Services for the treatment of specified diseases or conditions. A Designated Facility may or may not be located within our geographic area. The fact that a Hospital is a Network Hospital does not mean that it is a Designated Facility.

**Domestic Partner** - a person of the same sex with whom the Participant has established a Domestic Partnership.

**Domestic Partnership** - a relationship between a Participant and one other person of the same sex. All of the following requirements apply to both persons:

- They must not be related by blood or a degree of closeness that would prohibit marriage in the law of the state in which they reside.
• They must not be currently married to, or a Domestic Partner of, another person under either statutory or common law.
• They must share the same permanent residence and the common necessities of life.
• They must be at least 18 years of age.
• They must be mentally competent to consent to contract.
• They must be financially interdependent and they have furnished documents to support at least two of the following conditions of such financial interdependence:
  — They have a single dedicated relationship of at least six months duration.
  — They have joint ownership of a residence.
  — They have at least two of the following:
    ▪ A joint ownership of an automobile.
    ▪ A joint checking, bank or investment account.
    ▪ A joint credit account.
    ▪ A lease for a residence identifying both partners as tenants.
    ▪ A will and/or life insurance policies which designates the other as primary beneficiary.

The Participant and Domestic Partner must jointly sign the required affidavit of Domestic Partnership.

**Durable Medical Equipment** - medical equipment that is all of the following:

• Can withstand repeated use.
• Is not disposable.
• Is used to serve a medical purpose with respect to treatment of a Sickness, Injury or their symptoms.

• Is generally not useful to a person in the absence of a Sickness, Injury or their symptoms.
• Is appropriate for use in the home.

**Eligible Expenses** - the amount we will pay for Covered Health Services, incurred while the Plan is in effect, are determined as stated below:

• For Network Benefits, Eligible Expenses are based on either of the following:
  — When Covered Health Services are received from Network providers, Eligible Expenses are the contracted fee(s) with that provider.
  — When Covered Health Services are received from non-Network providers as a result of an Emergency or as otherwise arranged by the Claims Administrator, Eligible Expenses are the fee(s) that are negotiated with the non-Network provider.

• For Non-Network Benefits, Eligible Expenses are based on either of the following:
  — When Covered Health Services are received from non-Network providers, the Claims Administrator calculates Eligible Expenses based on available data resources of competitive fees in that geographic area.
  — When Covered Health Services are received from Network providers, Eligible Expenses are the contracted fee(s) with that provider.

Eligible Expenses are determined solely in accordance with the Claim Administrator's reimbursement policy guidelines. The reimbursement policy guidelines are developed, in the Claim Administrator's discretion, following evaluation and validation of all
provider billings in accordance with one or more of the following methodologies:

- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate source or determination that the Claims Administrator accepts.

Eligible Person - a regular full-time employee of the Plan Sponsor who is scheduled to work at his or her job at least 35 hours per week; or a person who retires while covered under the Plan.

Emergency - a serious medical condition or symptom resulting from Injury, Sickness or Mental Illness which is both of the following:

- Arises suddenly.
- In the judgment of a reasonable person, requires immediate care and treatment, generally received within 24 hours of onset, to avoid jeopardy to life or health.

Emergency Health Services - health care services and supplies necessary for the treatment of an Emergency.

Enrolled Dependent - a Dependent who is properly enrolled under the Plan.

Experimental or Investigational Services - medical, surgical, diagnostic, psychiatric, Substance Use Disorder or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time we make a determination regarding coverage in a particular case, are determined to be any of the following:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use.
- Subject to review and approval by any institutional review board for the proposed use.
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

If you have a life-threatening Sickness or condition (one which is likely to cause death within one year of the request for treatment) we may, in our discretion, determine that an Experimental or Investigational Service meets the definition of a Covered Health Service for that Sickness or condition. For this to take place, we must determine that the procedure or treatment is promising, but unproven, and that the service uses a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

Home Health Agency - a program or organization authorized by law to provide health care services in the home.

Hospital - an institution, operated as required by law, that is both of the following:
- Is primarily engaged in providing health services, on an inpatient basis, for the acute care and treatment of injured or sick individuals. Care is provided through medical, diagnostic and surgical facilities, by or under the supervision of a staff of Physicians.
- Has 24 hour nursing services.

A Hospital is not primarily a place for rest, custodial care or care of the aged and is not a nursing home, convalescent home or similar institution.

*Initial Enrollment Period* - the initial period of time, as determined by the Plan Administrator, during which Eligible Persons may enroll themselves and their Dependents under the Plan.

*Injury* - bodily damage other than Sickness, including all related conditions and recurrent symptoms.

*Inpatient Rehabilitation Facility* - a Hospital (or a special unit of a Hospital that is designated as an Inpatient Rehabilitation Facility) that provides rehabilitation health services (physical therapy, occupational therapy and/or speech therapy) on an inpatient basis, as authorized by law.

*Inpatient Stay* - an uninterrupted confinement, following formal admission to a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility.

*Intensive Outpatient Treatment* - a structured outpatient Mental Health or Substance Use Disorder treatment program that may be free-standing or Hospital-based and provides services for at least three hours per day, two or more days per week.

*Medicare* - Parts A, B, and C of the insurance program established by Title XVIII, United States Social Security Act, as amended by 42 U.S.C. Sections 1394, et seq. and as later amended.

Non-Network Benefits - Benefits for Covered Health Services that are provided by or directed by a non-Network Physician either at a Network facility or at a non-Network facility.

Open Enrollment Period - a period of time that follows the Initial Enrollment Period during which Eligible Persons may enroll themselves and Dependents under the Plan. We and the Plan Administrator will agree upon the period of time that is the Open Enrollment Period.

Out-of-Pocket Maximum - the maximum amount of Annual Deductible and Copayments you pay every Calendar Year. Once you reach the Out-of-Pocket Maximum for Non-Network Benefits, those Benefits are payable at 100% of Eligible Expenses during the rest of that Calendar Year.

Copayments for some Covered Health Services will never apply to the Out-of-Pocket Maximum, as specified in (Section 1: What's Covered--Benefits).

The Out-of-Pocket Maximum does not include any of the following:

- Any charges for non-Covered Health Services;
- Copayments for Covered Health Services available by an optional Rider.
- The amount of any reduced Benefits if you don't notify the Claims Administrator as described in (Section 1: What's Covered--Benefits) under the Must You Notify the Claims Administrator? column.
- Charges that exceed Eligible Expenses.
- Any Copayments for Covered Health Services in (Section 1: What's Covered--Benefits) that do not apply to the Out-of-Pocket Maximum.

Partial Hospitalization/Day Treatment – a structured ambulatory program that may be a free-standing or Hospital-based program and that provides services for at least 20 hours per week.

Participant - an Eligible Person who is properly enrolled under the Plan. The Participant is the person (who is not a Dependent) on whose behalf the Plan is established.

Physician - any Doctor of Medicine, "M.D.", or Doctor of Osteopathy, "D.O.", who is properly licensed and qualified by law.

Please Note: Any podiatrist, dentist, psychologist, chiropractor, optometrist, or other provider who acts within the scope of his or her license will be considered on the same basis as a Physician. The fact that we describe a provider as a Physician does not mean that Benefits for services from that provider are available to you under the Plan.

Plan - PPO Plan for Employees enrolled in the PPO portion of the Plan of Fairleigh Dickinson University Health Benefit Plan.

Plan Administrator - is Fairleigh Dickinson University or its designee as that term is defined under ERISA.

Plan Sponsor - Fairleigh Dickinson University. References to "we", "us", and "our" throughout the SPD refer to the Plan Sponsor.

Pregnancy - includes all of the following:

- Prenatal care.
- Postnatal care.
- Childbirth.
- Any complications associated with Pregnancy.

**Residential Treatment Facility** - a facility which provides a program of effective Mental Health Services or Substance Use Disorder Services treatment and which meets all of the following requirements:

- It is established and operated in accordance with applicable state law for residential treatment programs.
- It provides a program of treatment under the active participation and direction of a Physician and approved by the Mental Health/Substance Use Disorder Administrator.
- It has or maintains a written, specific and detailed treatment program requiring full-time residence and full-time participation by the patient.
- It provides at least the following basic services in a 24-hour per day, structured milieu.
  - room and board;
  - evaluation and diagnosis;
  - counseling; and
  - referral and orientation to specialized community resources.

A Residential Treatment Facility that qualifies as a Hospital is considered a Hospital.

**Rider** - any attached written description of additional Covered Health Services not described in this SPD. Riders are effective only when signed by us and are subject to all conditions, limitations and exclusions of the Plan except for those that are specifically amended in the Rider.

**Semi-private Room** - a room with two or more beds. When an Inpatient Stay in a Semi-private Room is a Covered Health Service, the difference in cost between a Semi-private Room and a private room is a Benefit only when a private room is necessary in terms of generally accepted medical practice, or when a Semi-private Room is not available.

**Sickness** - physical illness, disease or Pregnancy. The term Sickness as used in this SPD does not include Mental Illness or Substance Use Disorder, regardless of the cause or origin of the Mental Illness or Substance Use Disorder.

**Skilled Nursing Facility** - a Hospital or nursing facility that is licensed and operated as required by law.

**Spinal Treatment** - detection or correction (by manual or mechanical means) of subluxation(s) in the body to remove nerve interference or its effects. The interference must be the result of, or related to, distortion, misalignment or subluxation of, or in, the vertebral column.

**Substance Use Disorder Services** - Covered Health Services for the diagnosis and treatment of alcoholism and Substance Use Disorder disorders that are listed in the current Diagnostic and Statistical Manual of the American Psychiatric Association, unless those services are specifically excluded. The fact that a disorder is listed in the Diagnostic and Statistical Manual of the American Psychiatric Association does not mean that treatment of the disorder is a Covered Health Service.

**Transitional Care** - Mental Health Services/Substance Use Disorder Services that are provided through transitional living facilities, group homes and supervised apartments that provide 24-hour supervision that are either:
• sober living arrangements such as drug-free housing, alcohol/drug halfway houses. These are transitional, supervised living arrangements that provide stable and safe housing, an alcohol/drug-free environment and support for recovery. A sober living arrangement may be utilized as an adjunct to ambulatory treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

• supervised living arrangement which are residences such as transitional living facilities, group homes and supervised apartments that provide members with stable and safe housing and the opportunity to learn how to manage their activities of daily living. Supervised living arrangements may be utilized as an adjunct to treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

**Unproven Services** - services that are not consistent with conclusions of prevailing medical research which demonstrate that the health service has a beneficial effect on health outcomes and that are not based on trials that meet either of the following designs.

• Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)

• Well-conducted cohort studies. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

Decisions about whether to cover new technologies, procedures and treatments will be consistent with conclusions of prevailing medical research, based on well-conducted randomized trials or cohort studies, as described.

If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) we and the Claims Administrator may, in our discretion, determine that an Unproven Service meets the definition of a Covered Health Service for that Sickness or condition. For this to take place, we and the Claims Administrator must determine that the procedure or treatment is promising, but unproven, and that the service uses a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

**Urgent Care Center** - a facility, other than a Hospital, that provides Covered Health Services that are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

Outpatient Prescription Drug Rider

This Rider to the Summary Plan Description provides Benefits for outpatient Prescription Drug Products.

Benefits are provided for outpatient Prescription Drug Products at a Network Pharmacy.

When we use the words "we," "us," and "our" in this document, we are referring to the Plan Sponsor. When we use the words "you" and "your" we are referring to people who are Covered Persons as the term is defined in the Summary Plan Description (Section 10: Glossary of Defined Terms).

NOTE: The Coordination of Benefits provision (Section 7: Coordination of Benefits) in the Summary Plan Description does not apply to Prescription Drug Products covered through this Rider. Prescription Drug Product Benefits will not be coordinated with those of any other health coverage plan.
Introduction

Coverage Policies and Guidelines
The Claims Administrator's Pharmacy and Therapeutics Committee is the national committee which reviews all drugs that are newly approved by the FDA. The Pharmacy and Therapeutics Committee evaluates the use of the newly approved prescription drug. The Pharmacy and Therapeutics Committee objectively evaluates drugs for therapeutic treatment and safety. The evaluation includes, but is not limited to: safety and efficacy; supply limits; notification requirements. The Pharmacy and Therapeutics Committee makes recommendations to the Claims Administrator's Preferred Drug List Management Committee for final approval. This two-step process is designed to establish coverage policies and guidelines that promote quality and cost-effective drug therapy.

Even after a drug is included on the Preferred Drug List, this evaluation continues at least annually or as new information becomes available.

Identification Card (ID Card) - Network Pharmacy
You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by us during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you will be required to pay for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from us as described in the Summary Plan Description (Section 5: How to File a Claim). When you submit a claim on this basis, you may pay more because you failed to verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Cost, less the required Copayment and any deductible that applies.

Limitation on Selection of Pharmacies
If we determine that you are using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, we may require you to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the designated single Network Pharmacy. If you don't make a selection within 31 days of the date we notify you, we will select a single Network Pharmacy for you.

Rebates and Other Payments
The Claims Administrator may receive rebates for certain Brand-name drugs included on the Preferred Drug List. These rebates are not considered in calculating any percentage Copayments. We or the Claims Administrator are not required to pass on to you, and do not pass on to you, amounts payable to us or the Claims Administrator under rebate programs or other such discounts.
Coupons and Incentives
At various times we may offer coupons or other incentives for certain drugs on the Preferred Drug List. Only your doctor can determine whether a change in your Prescription Order or Refill is appropriate for your medical condition.
Section 1: What's Covered--Prescription Drug Benefits

We provide Benefits under the Plan for outpatient Prescription Drug Products:

- Designated as covered at the time the Prescription Order or Refill is dispensed when obtained from a Network Pharmacy.
- Refer to exclusions in your Summary Plan Description (Section 2: What's Not Covered--Exclusions) and as listed in Section 2 of this Rider.

Benefits for Outpatient Prescription Drug Products

Benefits for outpatient Prescription Drug Products are available when the outpatient Prescription Drug Product meets the definition of a Covered Health Service or is prescribed to prevent conception.

When a Brand Name Drug Becomes Available as a Generic

When a Prescription Drug Product becomes available as a Generic, the Brand-name version may no longer be available on the Preferred Drug List, and your Copayment may change.

You will either pay the Generic Copayment, if you choose to receive the Generic drug, or you may pay the higher Copayment for a Brand-name Prescription Drug Product which is not on the Preferred Drug List, if you choose to continue receiving the Brand-name or if your Physician determines that you should continue receiving the Brand-name.

The terms "generic" and "brand-name" are used in the health care industry in many different ways. To be sure that you know whether a drug is classified as Brand-name or Generic by use, please review the definitions contained in Section 3: Glossary of Defined Terms at the end of this Rider. You should also check the current classification on the Preferred Drug List through the Internet at www.myuhc.com or www.365wellst.com or by calling the telephone number on your ID card.

Supply Limits

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description of Pharmacy Type and Supply Limits" column of the Benefit Information table. For a single Copayment, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that the Claims Administrator has developed. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply.

To continue reading, go to right column on this page.

To continue reading, go to left column on next page.
You may obtain a current list of Prescription Drug Products that have been assigned maximum quantity levels for dispensing through the Internet at www.myuhc.com or www.365wellst.com or by calling the telephone number on your ID card. The list is subject to periodic review and modification.

**Notification Requirements**
Before certain Prescription Drug Products are dispensed to you, either your Physician, your pharmacist or you are required to notify the Claims Administrator or its designee. The reason for notification is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Health Service.
- It is not Experimental, Investigational or Unproven.

**Network Pharmacy Notification.** When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for notifying the Claims Administrator.

The list of Prescription Drug Products requiring notification is subject to periodic review and modification. You may obtain a current list of Prescription Drug Products that require notification through the Internet at www.myuhc.com or www.365wellst.com or by calling the telephone number on your ID card.

If the Claims Administrator is not notified before the Prescription Drug Product is dispensed, you can ask us to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. You may seek reimbursement as described in the Summary Plan Description (Section 5: How to File a Claim).

When you submit a claim on this basis, you may pay more because you did not notify the Claims Administrator before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Cost, less the required Copayment and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after the documentation provided is reviewed.

**What You Must Pay**
You are responsible for paying the applicable Copayment described in the Benefit Information table when Prescription Drug Products are obtained from a Network Pharmacy.

The amount you pay for any of the following under this Rider will not be included in calculating any Out-of-Pocket Maximum stated in your Summary Plan Description:

- Copayments for Prescription Drug Products.
- Any non-covered drug product. You are responsible for paying 100% of the cost (the amount the pharmacy charges you) for any non-covered drug product and our contracted rates (our Prescription Drug Cost) will not be available to you.

Section 2: What's Not Covered--Exclusions

Exclusions from coverage listed in the Summary Plan Description apply also to this Rider. In addition, the following exclusions apply:

1. Outpatient Prescription Drug Products obtained from a non-Network Pharmacy.
2. Coverage for Prescription Drug Products for the amount dispensed (days supply or quantity limit) which exceeds the supply limit.
3. Drugs which are prescribed, dispensed or intended for use while you are an inpatient in a Hospital, Skilled Nursing Facility, or Alternate Facility.
4. Experimental or Investigational Services or Unproven Services and medications; medications used for experimental indications and/or dosage regimens determined by us to be experimental.
5. Prescription Drug Products furnished by the local, state or federal government. Any Prescription Drug Product to the extent payment or benefits are provided or available from the local, state or federal government (for example, Medicare) whether or not payment or benefits are received, except as otherwise provided by law.
6. Prescription Drug Products for any condition, Injury, Sickness or mental illness arising out of, or in the course of, employment for which benefits are available under any workers' compensation law or other similar laws, whether or not a claim for such benefits is made or payment or benefits are received.
7. Any product dispensed for the purpose of appetite suppression and other weight loss products.
8. A specialty medication Prescription Drug Product (such as immunizations and allergy serum) which, due to its characteristics as determined by us, must typically be administered or supervised by a qualified provider or licensed/certified health professional in an outpatient setting. This exclusion does not apply to Depo Provera and other injectable drugs used for contraception.
9. Durable Medical Equipment. Prescribed and non-prescribed outpatient supplies, other than the diabetic supplies and inhaler spacers specifically stated as covered.
10. General vitamins, except the following which require a Prescription Order or Refill: prenatal vitamins, vitamins with fluoride, and single entity vitamins.
11. Unit dose packaging of Prescription Drug Products.
12. Medications used for cosmetic purposes.
13. Prescription Drug Products, including New Prescription Drug Products or new dosage forms, that are determined to not be a Covered Health Service.
14. Prescription Drug Products as a replacement for a previously dispensed Prescription Drug Product that was lost, stolen, broken or destroyed.
15. Prescription Drug Products when prescribed to treat infertility.
17. Compounded drugs that do not contain at least one ingredient that requires a Prescription Order or Refill.
18. Drugs available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being
dispensed. Any Prescription Drug Product that is therapeutically equivalent to an over-the-counter drug. Prescription Drug Products that are comprised of components that are available in over-the-counter form or equivalent.

19. New Prescription Drug Products and/or new dosage forms until the date they are reviewed by our Pharmacy and Therapeutics Committee and approved by our Preferred Drug List Management Committee.

20. Growth hormone therapy.

21. Any oral non-sedating antihistamine or antihistamine-decongestant combination (e.g., Allegra, Allegra-D, Claritin, Claritin-D, Zyrtec, or their generic equivalents).
Section 3: Glossary of Defined Terms

This section:
- Defines the terms used throughout this Rider.
- Is not intended to describe Benefits.

**Brand-name** - a Prescription Drug Product: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that we identify as a Brand-name product. A Prescription Drug Product is classified as a Brand-name based on available data resources, such as First DataBank, that classify drugs as either brand or generic based on a number of factors. You should know that all products identified as a "brand name" by the manufacturer, pharmacy, or your Physician may not be classified as a Brand-name by us.

**Generic** - a Prescription Drug Product: (1) that is chemically equivalent to a Brand-name drug; or (2) that we identify as a Generic product. Classification of a Prescription Drug Product as a Generic is determined by us and not by the manufacturer or pharmacy. A Prescription Drug Product is classified as a Generic based on available data resources, such as First DataBank, that classify drugs as either brand or generic based on a number of factors. You should know that all products identified as a "generic" by the manufacturer, pharmacy, or your Physician may not be classified as a Generic by us.

**Network Pharmacy** - a pharmacy that has:
- Entered into an agreement with the Claims Administrator or its designee to provide Prescription Drug Products to Covered Persons.
- Agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- Been designated by us as a Network Pharmacy.

**New Prescription Drug Product** - a Prescription Drug Product or new dosage form of a previously approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or new dosage form is approved by the FDA, and ending on the earlier of the following dates:
- The date it is approved by the Claims Administrator's Preferred Drug List Management Committee.
- December 31st of the following calendar year.

**Preferred Drug List** - a list that identifies those Prescription Drug Products which are preferred by us for dispensing to Covered Persons when appropriate. This list is subject to our periodic (at least quarterly) review and modification. Contact the Claims Administrator at the telephone number on your ID card to obtain a copy of the current Preferred Drug List or you can access it through the Internet at www.myuhc.com or www.365wellst.com.

**Prescription Drug Cost** - the rate we have agreed to pay Network Pharmacies, including a dispensing fee and any sales tax, for a Prescription Drug Product dispensed at a Network Pharmacy.

**Prescription Drug Product** - a medication, product or device that has been approved by the Food and Drug Administration and that can, under federal or state law, be dispensed only pursuant to a
Prescription Order or Refill. A Prescription Drug Product includes a medication that, due to its characteristics, is appropriate for self-administration or administration by a non-skilled caregiver. For the purpose of Benefits under the Plan, this definition includes:

- Inhalers (with spacers).
- Insulin.
- The following diabetic supplies:
  - insulin syringes with needles;
  - blood testing strips - glucose;
  - urine testing strips - glucose;
  - ketone testing strips and tablets;
  - lancets and lancet devices;
  - insulin pump supplies, including infusion sets, reservoirs, glass cartridges, and insertion sets;
  - glucose monitors.

**Prescription Order or Refill** - the directive to dispense a Prescription Drug Product issued by a duly licensed health care provider whose scope of practice permits issuing such a directive.

**Usual and Customary Charge** - the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties.
Attachment I

Women's Health and Cancer Rights Act of 1998
As required by the Women's Health and Cancer Rights Act of 1998, we provide Benefits under the Plan for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments and any Annual Deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act
Under Federal law, group health Plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the Plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your issuer.

Person designated as agent for service of legal process:
Service of process may also be made upon the Plan Administrator.

Source of contributions under the Plan: There are no contributions to the Plan. All Benefits under the Plan are paid from the general assets of the Plan Sponsor. Any required employee contributions are used to partially reimburse the Plan Sponsor for Benefits under the Plan.

Method of calculating the amount of contribution: Employee-required contributions to the Plan Sponsor are the employee's share of costs as determined by Plan Sponsor. From time to time, the Plan Sponsor will determine the required employee contributions for reimbursement to the Plan Sponsor and distribute a schedule of such required contributions to employees.

Date of the end of the year for purposes of maintaining Plan's fiscal records: Calendar Year shall be a twelve month period ending June 30.

Determinations of Qualified Medical Child Support Orders.

The Plan's procedures for handling qualified medical child support orders are available without charge upon request to the Plan Administrator.

Although the Plan Sponsor currently intends to continue the Benefits provided by this Plan, the Plan Sponsor reserves the right, at any time and for any reason or no reason at all, to change, amend, interpret, modify, withdraw or add Benefits or terminate this Plan or this Summary Plan Description, in whole or in part and in its sole discretion, without prior notice to or approval by Plan participants and their beneficiaries. Any change or amendment to or termination of the Plan, its benefits or its terms and condition, in whole or in part, shall be made solely in a written amendment (in the case of a change or amendment) or in a written resolution (in the case of termination), whether prospective or retroactive, to the Plan. The amendment or resolution is effective only when approved by the body or person to whom such authority is formally granted by the terms of the Plan. No person or entity has any authority to make any oral changes or amendments to the Plan.

Benefits under the Plan are furnished in accordance with the Plan Description issued by the Plan Sponsor, including this Summary Plan Description.

Participant's rights under the Employee Retirement Income Security Act of 1974 (ERISA) and the procedures to be followed in regard to denied claims or other complaints relating to the Plan are set forth in the body of this Summary Plan Description.

As a participant in the Plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

Examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Pension and Welfare Benefit Administration.
Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated Summary Plan Description. The Plan Administrator may make a reasonable charge for the copies.

Receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of the summary annual report.

**Continue Group Health Plan Coverage**

Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this Summary Plan Description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

Reduction or elimination of exclusionary periods of coverage for preexisting conditions under your group health plan, if you have creditable coverage from another group health plan. You should be provided a certificate of creditable coverage, free of charge, from your group health plan or health insurance issuer when you lose coverage under the plan, when you become entitled to elect COBRA continuation coverage, when your COBRA continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage. Without evidence of creditable coverage, you may be subject to a preexisting condition exclusion for 12 months (18 months for late enrollees) after your enrollment date in your coverage.

**Prudent Actions by Plan Fiduciaries**

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of you and other Plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

**Enforce Your Rights**

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the Plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court. If it should happen that Plan fiduciaries misuse the Plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may
order you to pay these costs and fees, for example, if it finds your claim is frivolous.

**Assistance with Your Questions**

If you have any questions about your Plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest office of the Pension and Welfare Benefits Administration, United States Department of Labor listed in your telephone directory or the Division of Technical Assistance and Inquiries, Pension and Welfare Benefits Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publication hotline of the Pension and Welfare Benefits Administration.

Patient Protection Notices
The Claims Administrator generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in the Claims Administrator’s network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the Claims Administrator at the toll-free number on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from the Claims Administrator or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in the Claims Administrator’s network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the Claims Administrator at the toll-free number on the back of your ID card.
