Major: Business Administration at Sungkyunkwan University

Goal: Logistics Manager in an International Company in South Korea

Q) Why did you decide to participate in the exchange program between Fairleigh Dickinson University and Sungkyunkwan University?
A) I took the initiative to search out the exchange opportunity with FDU-Vancouver through resources at my university because I really wanted to study abroad. I have always been curious about foreign cultures and feel that it is really important to understand the cultural etiquette of other countries. Also, I know that being able to include this experience on my resume will one day be advantageous to me in the business world.

Q) What are some of the benefits of participating in an exchange at FDU?
A) FDU-Vancouver is very unique due to its small class size and I am building strong relationships with not only the instructors but also my fellow classmates. The atmosphere in my small classes is very open to communication and I appreciate that all of our voices are being heard.

Q) Why do you enjoy going to university in Vancouver, Canada?
A) The city in itself is beautiful and I am enjoying the feeling of so much space around me since it is far less crowded than my hometown. The experience has only further enticed me to see other parts of the world and I would certainly return to study in Vancouver if I had the opportunity.

Q) Do you have any advice for students coming to FDU in Vancouver?
A) I would advise students to carefully plan out their finances and living expenses before coming here so that they understand what they need to prepare. Doing some research on Canada’s social customs would be helpful as well.
